SYMPHONY IS WELL RECEIVED TUESDAY NIGHT

"By now you and I realize that we have a great orchestra," said Dr. William Sebastian Hart, musical director and conductor of the Gettysburg Symphony Orchestra, as the orchestra's first concert of the current season drew to a close.

A surprisingly good orchestra played to a surprisingly small audience (200) in the Gettysburg High School auditorium Tuesday night. It was the second concert of Gettysburg's infant musical organization.

The orchestra had performed previously last May. Dr. Hart promised another concert in the spring and hinted that it may be possible to schedule a concert sometime during the winter.

Hope To Be Fixture
Organization of the orchestra here was prompted, Dr. Hart said, because of the significance of Gettysburg as a historic shrine and cultural center. Gettysburg "should have, and does have now, a fine orchestra," he said.

But he placed a share of the responsibility on his audience for seeing that the community's orchestra is continued. "We hope to become a permanent fixture here," he said.

The orchestra's personnel consists of non-professional musicians from the immediate area and nearby communities, fortified by professionals, including several from the Baltimore Symphony.

Familiar Themes
The program was well chosen for a new orchestra meeting a new audience. Several numbers contained tunes which have become familiar through their use as radio and television program theme music.

One of these, "The Music Box," by Anatole Liadov, was performed as a surprise addition — it was

FIND ILLEGAL VENISON, THREE ARE FINED \$320

Three men have paid fines totaling \$320 and costs of \$27 because they had in their possession a portion of a deer killed out of season, it was learned today.

J. William Cool, Fairfield R. 1, paid a fine of \$120 and \$9 costs before Justice of the Peace Ellis Stine, Liberty Twp., on a charge of illegal possession of parts of a deer and two squirrels.

Game Protector Paul Glenn said the deer and two squirrels were found at Cool's residence and that Cool entered a plea of guilty on the charge.

Continue Investigation
Cool's son, Robert L. Cool, of Waynesboro R. 1, was charged before Justice of the Peace Roger Myers, Hamilton Twp., with transporting parts of a deer taken in closed season to his father's home. The younger Cool entered a plea of guilty before Justice Myers and paid a \$100 fine and costs.

Robert G. Rowe, Waynesboro R. 1, who was in Cool's car while the deer was taken to the elder Cool's home, held that he knew nothing of the deer being there. However, he was found guilty of the charge of assisting with the transportation of parts of a deer taken out of season by Justice Myers following testimony, and paid a fine of \$100 and \$9 costs.

Because the men had in their possession only parts of a deer it is believed that the deer originally shot out of season may have been divided among a number of persons and game officials are continuing their investigation. If the investigation shows others may have parts of the deer other charges may follow.

Chest Campaign Total \$6,592.50

The Community Chest fund campaign total reached \$6,592.50 today, a jump of \$1,245.50 over Monday's total at noon and close to the 25 per cent mark on its way to the \$26,800 goal.

Chairman William A. Lentz today expressed his appreciation to the Physical Education Majors' Club of Gettysburg College for distributing 3,000 informative brochures throughout the town over the weekend for the Chest organization.

Solicitors are asked to make daily progress reports to campaign headquarters in the Red Cross office, Baltimore St.

NEW POULTRY HONORS FOR DAVID REDDING

David Redding, 18-year-old Gettysburg High vocational agriculture graduate, who early Tuesday was named as the FFA Star Poultry Farmer of Pennsylvania, was proclaimed 1958 FFA Star Poultry Farmer of the 14 northeastern states Tuesday night at the annual NEPCO youth ban-

DAVID REDDING

quet at the Penn-Harris Hotel, in Harrisburg. The banquet was part of the youth program conducted by the Northeast Poultry Producers Council during the three-day exposition which opened Tuesday in the Farm Show Building, in Harrisburg.

David has played an active role in operating the home farm of 250 acres at Gettysburg R. 4. Since his father operates a trucking line, David has performed a greater share of the farm work which includes his own 1,100 pullet on range, 400 White Leghorn layers, 18 acres of corn, 25 acres of oats and nine head of Hereford and Angus beef cattle. His ambition is to buy an interest in the home farm and become a partner with his parents, Mr. and Mrs. Carroll Redding.

David has installed eight automatic water fountains, introduced automatic feeders and constructed range shelters. He also has paid his father for all the land and equipment he has used. In 1957-58 he served as president of the Gettysburg FFA and at present is state FFA chaplain. He received a plaque as Pennsylvania Star Poultry Farmer and another plaque and \$100 savings bond as Northeastern Star farmer.

TRUCKLOAD OF SAND UPSETS

Simon M. Redding, 64, Gettysburg R. 2, escaped with lacerations of the nose and body bruises when a truck he was operating rolled over one-fourth of a mile west of here on the Lincoln Highway Tuesday afternoon at 2:10 o'clock.

State police estimated damage to the truck, owned by Leo McDermitt, Gettysburg, at \$2,500. They said Redding was driving east on the Lincoln Highway and while headed downgrade toward the borough line the dump truck, loaded with "about ten tons of sand" it was dumped from the truck as it rolled over.

The truck came to rest on its wheels, with the back end of the truck against the fence off the highway and the front end headed toward the highway. Redding was thrown from the truck into the sand pile and was dumped from truck as it rolled over.

Donald Jacobs and Ray Breighner, the crew of the Gettysburg Fire Department ambulance called to the scene, found Redding "about three-fourths buried" in the sand pile, "attempting to get the sand out of his mouth." Jacobs and Breighner had to climb the sandpile to extricate Redding and remove him to the Warner Hospital for treatment.

DEMOCRATS TO HOLD DINNER, RALLY, OCT. 15

The annual Democratic dinner and rally will be held in the Gettysburg High School cafeteria and auditorium Wednesday evening, October 15, at 7 o'clock, Fred G. Klunk, chairman of the Adams County Democratic Committee, said today.

Every candidate on the state and local ticket will be present. They include: George M. Leader, for the U.S. Senate; Mayor David L. Lawrence, for governor; Morgan Davis, for lieutenant governor; Miss Genevieve Blatt, for secretary of internal affairs; Judge Curtis Bok, for Supreme Court; James Quigley, for Congress; and Charles Bender for the state Legislature. In addition, Lt. Gov. Furman will attend the dinner and rally.

Two Part Program

"The program has been arranged in two parts," Chairman Klunk said. "Admission to the dinner is \$2 per plate. However, it is not necessary to attend the dinner if one does not wish to. Immediately following the dinner the rally will be held to which there is no admission charge."

Mr. Klunk will open the dinner and rally by introducing John S. Rice, secretary of the Commonwealth, who will act as master of ceremonies.

The evening's program, in addition to brief talks by the candidates, will include organ and vocal selections.

"We are hopeful of a large attendance at both the dinner and the rally," Klunk said. "It will be the first big county-wide Democratic affair of its kind this year and we are anxious that a large attendance will hear the candidates for these important offices," Klunk added.

REFORMATION DAY SERVICE HERE OCT. 26

Dr. Raymond Haupt, president of Moravian College at Bethlehem, Pa., will be the speaker for the annual union Reformation Day service to be conducted Sunday evening, October 26, in the Church of the Abiding Presence on the Gettysburg Lutheran Theological Seminary campus. It was announced following the October meeting of the Adams County Ministerium Monday at Littlestown.

The Adams County Choir will sing at the service which is arranged each year by the county ministerium. It will be held at 8 p.m.

Dr. Paul L. Reaser, St. James Lutheran pastor and president of the county group, presided at Monday's meeting in Redeemer's United Church of Christ in Littlestown. The host pastor, the Rev. Glenn Flinchbaugh, conducted the opening devotions.

Plan Clothing Collection
Committee reports were given with emphasis on the collection of clothing for the Church World Service beginning on World Community Day, November 7, and continuing through Thanksgiving time. Collection centers will be set up in the county.

The program Monday was on "Motives, Methods and Manpower For The Every Member Canvass" and was conducted in the form of a panel discussion. The Rev. Herbert N. Brownlee, Gettysburg, spoke on "Motives"; the Rev. Norman Marden, Bendersville, spoke on "Methods" and the Rev. Dr. Howard S. Fox of Gettysburg on "Manpower." A general discussion followed the talks. The Rev. Lester J. Karschner, Abbotstown, was moderator for the program.

Following the meeting a luncheon was served by the women of the church. A change in the date for the November meeting was announced. It will be held Monday, November 10, in Christ Lutheran Church here.

4-H Banquet Will Be Held On Nov. 13

The annual 4-H achievement banquet will be held Thursday November 13, at 7 p.m. in the New Oxford fire hall. All local leaders, 4-H members and their parents are urged to attend this event that will climax the 1958 4-H season.

The committee in charge includes: Dorothy Anthony, president of the county council; Paul Kuhn, senior extension club representative; Teresa Murren and Harrison Fair, local leaders. Tickets are available at the extension office at \$1.50 for adults and 75 cents for children under 12 years of age. Reservations must be made by November 4.

Pope Pius XII In "Death Agony" As Life Is Slowly Ebbing Away; Fails Fast

POPE PIUS XII

By FRANK BRUTTO
CASTEL GANDOLFO, Italy (AP)—The life of Pius XII, Pope for 19 years of war and ideological strife, was being away tonight.

He suffered a second stroke during the day and later his physicians reported he was suffering "a grave cardiac pulmonary collapse."

This meant both his heart and breathing were giving in to the strain of illness intensified by the weight of his 82 years.

One of the physicians, while declining use of his name, said: "He is in his death agony."

A 101-degree fever and a speeding pulse were symptoms of his decline.

A Vatican radio speaker, broadcasting from the Pope's antechamber, told of an air of resignation about the sick room.

All in the antechamber — relatives and high church authorities — prayed, some of them aloud. His heart weakened, and his doctors had little hope that he could survive.

The second stroke came this morning, two days after the first. "The Pope is going fast," was the word in this town where the 82-year-old spiritual leader of the Roman Catholic Church was stricken.

A member of the papal household was reported by a Castel Gandolfo police official to have sent that message to the Italian government.

Heightening the emotional tension were false reports that the Pope had died this morning. The Italian news agency Italian issued one such report. The Vatican officially denied it.

Given Last Rite
It was reliably reported that the Pope had been given Extreme Unction — the last rite for the dying or those in danger of death — for the second time. It had been given for the first time as he lay in a coma Monday after his first stroke.

At noon (6 a.m. EST), a Vatican radio speaker, broadcast-

Judge Potter Stewart Is Nominated For High Court

By JOHN CHADWICK
WASHINGTON (AP) — Judge Potter Stewart of Cincinnati, whose appointment to the U.S. Supreme Court was announced Tuesday, probably will undergo unusually close Senate scrutiny into his legal philosophy.

This is not because of the man, but because of the times.

Tapped By Ike Before
Stewart's selection by President Eisenhower to succeed retiring Justice Harold H. Burton, also from Ohio, comes at a time when the Supreme Court has become a major center of controversy. Its rulings on school segregation have been denounced in some quarters, while others have criticized its findings in Communist cases.

The appointment was announced less than 24 hours after the disclosure that Burton was retiring on the advice of his physician.

Stewart, a 43-year-old Republican, now is a judge of the 6th Circuit Court of Appeals. Eisen-

can radio broadcaster, speaking from the Pope's antechamber, said at the time the Pope was "resting."

He added that the condition of the pontiff was unchanged from that reported in the medical bulletin which several hours before had announced the second stroke and said the Pope had made some slight improvement.

The broadcaster said the Pope's temperature was 37 degrees centigrade (98.6 Fahrenheit), normal, but his pulse was 103, very high. The radio spokesman added that "at that moment" the pontiff was in a state of lethargy, "probably under the effects of tranquilizers administered to him."

The second attack was of the same type as that which felled the pontiff Monday, a cerebral circulatory attack which produced coma and partial paralysis.

Heart Is Weakening
It came on him at 7:30 a.m. (1:30 a.m., EST), just 47 hours (Continued On Page 8)

HEALTH LAWS UNDER CRIST

Dr. C. G. Crist, Adams County medical director, is now in full charge of Gettysburg's public health problems, according to a letter sent H. M. Oyster, president of the Gettysburg borough council, by Dr. Carl C. Kuehn, director of the bureau of local health of the state Department of Health.

The letter acknowledges receipt of the resolution of borough council in September requesting the state Department of Health to take over the administration of the health laws of Gettysburg "on a voluntary surrender basis."

Dr. Kuehn wrote: "In compliance with this request and in accordance with Article 21, Section 2102, of the Administrative Code of 1929 you are hereby advised that this department assumes jurisdiction over the administration of health laws in the borough effective September 26. "We have requested Dr. Chester G. Crist, county medical director, County Health Center, Annie M. Warner Hospital, Gettysburg, to put this action into effect. All future inquiries concerning public health in the borough should be directed to Dr. Crist."

Three Treated At Warner Hospital

Howard Schwartz, 71, Littlestown R. 1, was treated at the Warner Hospital Tuesday for severe lacerations of the right hand. His hand became caught when he was pulling leaves from a shredder.

Miss Martha Simmons, 32, Orrtanna R. 1, received treatment Tuesday for a fracture of her right ankle. She fell when a ladder slipped while picking apples for Lamont Kane, Orrtanna R. 1.

Charles Ireland, 57, Westminster R. 1, was treated for fractures of the left ring and middle fingers and lacerations of the left index, ring and middle fingers. He was injured when his hand became entangled in the rope of a drill being used to saw wheat.

POTTER STEWART

IKE INVITED TO GOP RALLY ON SATURDAY

President and Mrs. Eisenhower and their son and daughter-in-law, Major and Mrs. John Eisenhower, have been invited to attend the Republican rally at the South Mountain Fairgrounds Saturday from noon "until the crowd disperses," H. Earl Pitzer, chairman of the Adams County Republican Committee, said today.

"We are hopeful that the President will find the time from his pressing duties to visit our rally if for only a brief time," Pitzer said.

All the candidates for state and local office will attend with their wives, Pitzer said. They include: Hugh Scott, for the U.S. Senate; Arthur T. McGonigle, for governor; John M. Walker for lieutenant governor; Andrew J. Gleason, for secretary of internal affairs; S. Walter Stauffer, for Congress, and Francis Worley, for the state legislature.

Invite School Bands

All the high school bands in the county have been invited to play. In addition there will be recorded music from two or three of the state ticket sound trucks.

Pitzer said that the afternoon is planned as a "pleasant affair. We want our friends to enjoy themselves. We will serve bean soup, wieners, soft drinks and pretzels. Everything will be free."

"In event of rain we will hold the program in the Memorial auditorium which has a seating capacity of 1,500. In addition there is plenty of shelter elsewhere on the grounds so that no one need worry about getting wet if it rains. We'll take care of everybody," he added.

PAST GRANDS MEETING HERE ATTRACTS 125

One hundred twenty attended the meeting of the Past Grands Association of Adams County Tuesday evening with Gettysburg Lodge 124 of the IOOF in the Odd Fellows Hall, Chambersburg St.

William Corbin, Uniontown, Md., past president of the Carroll County (Md.) Past Grands Association was the principal speaker. Mrs. Corbin, an official of the Rebekahs, also spoke as did a number of officials from the various Odd Fellow and Rebekah lodges of the county.

A large delegation of members of the Carroll County Association attended the meeting here.

John Settle served as toastmaster for the program which included a number of selections by the Florio's Church Youth Choir led by Mrs. Fred Segal assisted by Mrs. Glenn Musselman Jr.

Two members of the choir, Andrea Bream and Diane Bream, daughters of Mr. and Mrs. Jacob Bream, presented a tap dancing and singing duet to the selection "Side By Side."

Andrew Segal also presented a tap dance. A quartet, Mickie Ann Shultz, Ronnie Shultz, Cindy Starner and Angela Segal, presented a singing and tap dancing number to the tune "The Surrey With A Fringe On The Top." Sylvia Nett presented a flute solo.

The visiting Rebekahs and Odd Fellows were invited to participate with the local Odd Fellows and Rebekahs in a special church service to be held November 2 at Trinity United Church of Christ, S. Stratton St. The service is one of a series being held by Odd Fellows and Rebekah lodges in the state.

The Past Grands Association president, James Myers, of the Gettysburg lodge, announced that the next meeting of the Past Grands will be held November 10 with Sylvania Lodge No. 211, Littlestown.

Fail To Crack Safe At Delone Sunday

An unsuccessful attempt to open a safe in the office of Delone Catholic High School, McSherrystown, is being probed by McSherrystown Chief of Police Mannard Masemer and state police of the Gettysburg detail.

The futile robbery attempt was discovered by Norbert Felix, treasurer of the school's athletic board, when he arrived at the school about 9 a.m. Sunday.

Felix summoned Masemer after he found a door had been forced open in the office quarters. The combination knob had been knocked from the 800-pound safe and the door was damaged.

Masemer said tools believed to have been used in the attempt to batter open the safe were found two blocks from the school.

DR. F. K. WENTZ TALKS AT SUB LEAGUE MEET

Efforts of European Christian churches to relate their faith "to the common life of mankind, to political life, daily work, recreation and cultural activities" were outlined Tuesday afternoon by Dr. Frederick K. Wentz, professor of historical theology at the Gettysburg Lutheran Seminary, at a meeting of the Gettysburg sub-league of the Woman's League of Gettysburg College.

The meeting was held in Christ Lutheran Church with the president, Mrs. John S. Rice, presiding. Dr. Wentz told of his experiences during 12 weeks spent in Europe as part of a Church Workers Exchange Program of the World Federation of Churches.

He said he visited a dozen conferences centers in six European countries where "churchmen seek to serve the needs of their society or nation." He described his experiences while visiting at the Evangelical Academy at Loccum, in Berlin and Bao Boll, Germany.

Conference In Castle

He also spoke of a conference center in an old castle in Holland, one at Siguna, Sweden, and one on the island of Iona in Scotland. He concluded by outlining ways in which Gettysburg College is, or could be, providing the same public services for this area, adding that such assistance is "of central importance in the church's life."

Mrs. Rice opened the meeting by extending greetings to Mrs. Willard S. Paul. The devotional period was led by Mrs. Paul L. Reaser with Miss Ruth Koser assisting as pianist. A prayer tribute was offered in honor of deceased members of the league during the past year: Mrs. Ralph Barley, Mrs. Charles E. Doode-nov, Mrs. Clarence Rebert, Mrs. Edward Strausbaugh and Mrs. Elsie Singmaster Lewars.

The registrar, Mrs. B. H. Saltzer, presented the following names for the Golden Books: Book of Jewels, Edward Warren Hoff Jr., by his grandparents, Mr. and Mrs. John D. Teeter; Louis Antoine Villard by his

PUSH SPOOK PARADE PLANS

Further plans for the Halloween parade here were outlined Tuesday evening at a meeting of the Gettysburg Association of Clubs at the Elks lodge, York St.

Organizations which wish to enter the annual parade and which have not as yet received invitations were asked to notify the Elks, Moose, Eagles, American Legion or VFW or Kenneth Dengler for an official entry blank.

It was decided to change the method of operation of the annual window painting contest held as part of the town's Halloween festivities.

Chester Hilger, local recreation director, was named chairman of a committee to inform the schools of a plan by which the students will paint their Halloween scenes on cardboard at the schools and then place them in store windows. Previously the children drew sketches of their scenes in schools, then painted them on the windows.

Final reports from committees and final arrangements for the parade and painting contest will be made at a meeting of the Gettysburg Association of Clubs October 21 at the Moose lodge, York St. at 8:30 p.m.

BENEFIT DANCE

To help defray expenses of Miss Elizabeth Dorr, state winner in the 4-H leadership division, to the 4-H Club Congress in Chicago, the county senior extension club is sponsoring a square dance Saturday evening, in the Gettysburg High School gymnasium from 8 p.m. until midnight. All proceeds will be used to defray Miss Dorr's expenses to the Congress.

COUNTY "HALL OF FAME" WILL BE CREATED; 16 NOMINEES

After recounting names of famous visitors to Gettysburg including such figures as "Emma," the queen of the Sandwich Islands; "Buffalo Bill" Cody and Daniel Webster, President J. M. Sheads of the Adams County Historical Society proposed Tuesday evening establishment of an "Adams County Hall of Fame" for distinguished former residents of this county.

The idea was adopted by the historical society at its first fall meeting in the court house and President Sheads proposed a list of names of persons to be included in such a "Hall of Fame" with the names of Thaddeus Stevens and Mrs. Elsie Singmaster Lewars heading the list.

Although details of the plan have not been worked out, the idea as presented generally Tuesday evening is that outstanding residents of this county who have distinguished themselves in various fields be included in a "Hall of Fame" and that an effort be made to accumulate photographs of the distinguished company to be included in the gallery. It presumably would be located in the society's rooms.

Other Nominees

The other names in President Sheads' list of nominees are: Edward McPherson, one-time chief clerk of the House of Representatives at Washington; the Rev. Alexander Dobbin, who conducted the first classical school west of the Susquehanna; Judge David Wills, Lincoln's host here and the county superintendent of schools; James Cooper, Adams County's only U. S. Senator; Dr. Samuel Agnew, distinguished physician who promoted vaccination long before it was generally accepted; Rev. Samuel Schmucker, chief founder of the Gettysburg Lutheran Theological Seminary; Prof. Michael Jacobs, pioneer in food preservation methods of canning; Gen. William Wierman Wright, who was on Sherman's March to the sea; Charles Morris Young, Radnor, Pa., only living person on the list, who won fame in the art world; James Gettys, whom Mr. Sheads identified as "the proprietor of Gettysburg;" Eddie Plank of baseball fame; Herman Haupt, civil engineer, tunnel and bridge builder of the last century; Miss Mary

MACHINE WILL TEST SKILL OF AUTO DRIVERS

Employees of the Manufacturers Light and Heat Co. here are going to get a new insight into their automobile driving habits this week as they try their driving skills on the Drivotrainer, an electro-mechanical device which simulates actual driving conditions.

The device, developed through the joint efforts of the Aetna Insurance Co. and the American Votting Machine Corp., was designed for the training and teaching of new drivers. But it has been found to be of value in providing a refresher for experienced drivers also.

The gas utility is the only industry which is using the Drivotrainer to date. One is in use by the Air Force and 37 others are being used by schools.

Uses Film

William R. Trimbauer, personnel assistant from the gas firm's Pittsburgh office, explained the machine's operation. The driver taking the course sits in a simulated automobile driver's seat with steering wheel and other controls. He "drives" along a road which appears on a screen in front of him.

His operation of the controls is recorded and from this record he can get his rating.

Although a number of films are available for use with the machine, only two are being used by the gas company. In the first, "Defensive Driving," a narrator explains the driving and instructs the driver as to the action he is to take.

In the second, "Always On Guard," the driver is advised during the first part of the film, but in the second part is on his own.

About 80 employees will try the trainer which is being set up here today.

DEADLINE ON '58 SOIL BANK COMES FRIDAY

The Adams County Agricultural Stabilization and Conservation Board today announced that farmers have only until Friday to take the initial step if they are considering placing their farms, or parts of them, in the conservation reserve (Soil Bank) this year.

First step toward entering the conservation reserve is a request to the ASC committee for payment rates. So far 214 farmers have made such requests. Of that number 84 have already made applications for contracts.

Carson Lamberson, New Oxford R. 2, who was installed Monday as the new chairman of the county ASC committee, succeeding Howard Schwartz, Littlestown R. D., who held the post for the last five years, said that only those who have made applications for payment rates by Friday will be permitted to make applications for contracts. Those who wish contracts, after considering the rate they would get for their farm acreage in the Soil Bank, have until October 24 to make applications for contracts.

84 Farms Already In
The 84 who have applied so far for contracts are largely planning to put their entire farm into the conservation reserve for periods ranging from three to ten years. The average length of time on the contracts is five years.

The 84 range from farms from which five acres will be placed in the reserve to farms in which 300 acres—the entire farm—will go into the reserve. So far the average payment to be made per acre is \$17. In the case of the several putting 300 acres in the reserve the payment will be \$5,000 per year instead of \$5,100 as would be indicated, because \$5,000 per year is the top payment that can be made.

The total acreage listed in the 84 farms going into the reserve is 5,700. The acreage is smaller than the total acreage of the farms because many previously had put part of their farms in the soil bank and now are putting the remainder into the program.

Committee Members
Lamberson announced remaining members of the county committee and the community committees, all of which took office as of Monday. The new county bond, which includes Lamberson as chairman; Myles Starner, Aspers R. 1, vice chairman, and Theron M. Bair, Littlestown R. 1, regular member, will meet from 9 a.m. to 12 noon each Monday at the ASC office on York St.

Starner succeeds William Zepp, York Springs R. 2, and Bair succeeds Herbert Zepp, Gettysburg R. 4.

Community Committees
The 1959 community committees, which will meet on call, were announced as:
Fairfield: William R. McCreaf, chairman; Howard Diehl, vice chairman; Robert E. Wenschhof, regular member.

Gettysburg: Roy A. Weaver Jr., chairman; Willis O. Waybright, vice chairman; Glenn W. Black, regular member.
Littlestown: Herbert Sterner Jr., chairman; Elwood Harner, vice chairman; Edgar C. B. Worley, regular member.

New Oxford: Harold Rife, chairman; Stuart Lucabough, vice chairman; John M. Bair, regular member.

York Springs: Ervin Harbold, chairman; Charles Reinecker, vice chairman; James C. Behney, regular member.

Biglerville: Paul Pitzer, chairman; Crowell Bucher, vice chairman; R. Clair Wolf, regular member.

Cessna Services Are Held Today

Funeral services for C. Paul Cessna, 67, assistant to the president of Gettysburg College and college alumni secretary for 20 years, who died suddenly in his sleep Sunday morning at his home on Baltimore St., were held this afternoon from the Bender Funeral Home, Carlisle St., with the Rev. William Fenstermaker, his pastor, and Dr. Henry W. A. Hanson, president emeritus of Gettysburg College, officiating. Interment was in Evergreen Cemetery.

Active pallbearers were the following college faculty members: Professors Charles R. Wolfe, Joseph Wolfinger, Parker Wagnild, Lester O. Johnson and Earl E. Zeigler; Athletic Director Henry T. Bream, Dean John Shainline and Public Relations Director Raymond S. Davis.

Honorary pallbearers were the president of the college, Gen. Willard S. Paul, Dr. Frank H. Krammer, Dr. William E. Tilberg, Dr. W. Frederick Shafer, Dr. Richard A. Arms, Dr. W. C. Waltemyer, Dr. Francis C. Mason, Dr. John B. Zinn, Dr. Albert Bachman, Rev. E. E. Korte, William H. B. Stevens and Dean Seymour Donn.

LOST PART OF STOVE
Borough police were asked Tuesday afternoon to look for a portion of a stove in a large box lost from a Pryor Tire Truck Service truck of Waynesboro in the borough.

Social Happenings

In observance of Fire Prevention Week, 45 children of Mrs. Collins' kindergarten visited the fire engine house on E. Middle St. Tuesday morning and were shown fire fighting equipment and ambulances by Donald Jacobs. They seemed specially interested in the old General Meade as contrasted with the newest engines. The children also visited Chief of Police Jack Bartlett's headquarters on the second floor. He talked to them about street safety and impressed them with the idea that policemen are children's friends. The children were accompanied by Mrs. J. B. Collins and Mrs. Willie Weikert.

Today at their kindergarten session the children were evaluating their Tuesday experience, holding a fire drill and using crayons to picture their impressions of the trip.

The Adams County Senior Extension Club will sponsor a public square dance in the Gettysburg High School gymnasium Saturday night from 8 to 12 o'clock. Square dancing will be taught to all those interested.

Eighteen members of the Annie Danner Club of the YWCA met with 29 members of the Joan of Arc Club of the Hanover YWCA in Hanover Tuesday evening for a buffet supper. Devotions and prayer were in charge of Miss Ethel Hostetter, executive director of the Hanover Y. Miss Kathryn Karichuf gave a recitation, "Gonna Bust." Miss Geraldine Fuhrman was in charge of the games, and prizes were awarded.

The Annie Danner Club will meet next Tuesday evening at 8 o'clock in the Y.

Mr. and Mrs. Marshall Cleveland, Harrisburg Rd., left this morning for Bozeman, Mont., and other points of interest in the west. While in Bozeman they will visit their son and daughter-in-law, Mr. and Mrs. Clyde Cleveland, and family. They will also attend a homecoming football game between Idaho State University and Montana State College, where their son is a guard on the varsity team.

The Clevelands expect to return in about three weeks.

The Misses Ethel and Savilla Enoch, Holmesburg, Philadelphia, have returned home after spending a vacation at the home of their aunt, Mrs. Lila Raymond, Springs Ave.

General and Mrs. Willard S. Paul and Dr. Harold Dunkelberger are attending the ULCA convention in Dayton, Ohio, today through next Wednesday, October 15. In cooperation with this biennial convention a Gettysburg College alumni dinner will be held this evening.

Pope Pius XII

(Continued From Page 1)

after the first stroke. It was learned unofficially at the Vatican press office that the Pope's heart was weakening and had become irregular after the second attack.

The Vatican radio said the pontiff had regained consciousness for a time and requested Holy Communion but was unable to swallow the host, the thin wafer of unleavened bread representing the body and blood of Christ.

He was then given Absolution—forgiveness of sins—and apparently became unconscious again soon after.

Prelates of the pontifical court were called urgently to Castel Gandolfo, presumably to make initial arrangements in connection with the grave turn in the pontiff's condition and its possible consequences.

Three of the four specialists who had been keeping constant vigil at the Pope's bedside were with him when the second stroke came.

"Not A Good Sign"

The Vatican radio announced the second collapse in a special hookup direct from his summer palace here at Castel Gandolfo. The Rev. Francesco Pellegrini, a noted Jesuit orator, told the radio audience that "a new factor which was anything but tranquilizing" had struck the pontiff.

"This is not a good sign," Father Pellegrini said. He added that, contrary to the hopeful atmosphere at Castel Gandolfo Tuesday, today there was only anxiety and frantic activity.

It was the second time the 82-year-old head of the Roman Catholic Church and spiritual leader of some 500 million Catholics has been near death.

Ill 4 Years Ago
Four years ago a serious illness struck the pontiff, 261st in a long series of sovereigns who sat on St. Peter's throne.

At that time the Pope rallied and recovered because of what was described as the "heart of a lion."

He regained his strength and once again assumed a tremendous burden of work that has generally been considered one of the heaviest ever carried by a pope in the 2,000-year history of the Roman Catholic Church.

The pontiff carried that burden fully, often despite medical advice.

Said Mass Monday
Last week he suffered a recurrence of the hiccups and gastritis with which his illness began four years ago. He persisted in his heavy load of administrative work and audiences here at the papal summer residence, but finally curtailed his program at his doctors' insistence over the weekend.

Moments before he was struck down Monday he had said Mass at the little private chapel of his summer residence and received communion. He was preparing to resume work in his private library when the attack hit him.

"My God! I cannot see! I cannot see!" he was quoted as saying.

As he had four years ago, the pontiff showed great powers of will and physical endurance. Again he rallied and for a time it was hoped he was once more on the way to recovery.

not included in the printed program. The descriptive piece, used as a signature for the radio program, "Let's Pretend," was played by a small ensemble, three flutes, three clarinets, harp and bells.

The program, while not purely a "pops" concert, leaned heavily in that direction with the inclusion of Otto Nicolai's overture to "Merry Wives of Windsor," the "Sleeping Beauty" waltz of Tchaikovsky and the "March and Procession of Bacchus" from Leo Delibes' "Sylvia" ballet music.

Jupiter Symphony
Conductor Hart preceded each number on the program with some brief comment on the work to be performed or on its composer. Of the Mozart symphony, he recounted that one of Mozart's biographers, in reviewing this particular symphony to the king of the gods, thus leading to the name, Jupiter, by which the work is now widely known.

Dr. Hart emphasized that he is "primarily an educator" and said that he is hopeful that the orchestra can play a series of youth concerts. He introduced two youthful members of the orchestra, Ned Schaffer, 14-year-old violinist, and Franklin Grosby, 12-year-old cellist, then commented that if children could see these youngsters perform a "tremendous" new enthusiasm for music would be formed in the community.

\$500,000 Fire Loss In Atlantic City

ATLANTIC CITY, N.J. (AP)—A general alarm fire roared through two buildings on this resort's famed boardwalk Tuesday night, causing damage estimated at half a million dollars.

Virtually all of the city's firemen and fire apparatus were dispatched to the scene at South Carolina Ave.

Two of the 190 firemen who battled the blaze for over three hours were overcome by smoke and taken to Atlantic City Hospital, where one was admitted.

Firemen sent several trucks onto the boardwalk to play hoses on the fire from that angle as a light onshore breeze pushed flames against a steel wall at the rear of the brick buildings. The walk itself was not threatened.

Badly damaged in the blaze was the lavish 11-room apartment of former State Sen. Emerson L. Richards. Furnishings in the apartment included valuable books and paintings and a \$100,000 organ.

NEW MERGER OF LUTHERANS IS PREDICTED

DAYTON, Ohio, (AP)—A new three-million-member Lutheran Church could come into being in North America by 1961 if a merger of four Lutheran groups is completed on schedule, the president of the United Lutheran Church in America (ULCA) predicted today.

The Rev. Dr. Franklin Clark Fry, in his report to the church's 21st biennial convention, gave his plan for merger of the United Lutheran Church, the Augustana Lutheran Church, the Finnish Evangelical Lutheran Church and the American Evangelical Lutheran Church.

Plan Constitution
Commissioners of the four church bodies expect to have a constitution and by-laws ready by 1960, Dr. Fry said. The constitution will then be submitted to the 1960 spring conventions of the Augustana and Finnish churches and the October meeting of the United Lutheran Church.

If approved, the constitution will be submitted for ratification to ULCA's 32 synods in the spring of 1961. It would become effective when approved by 22 of the church's 32 synods, and the other participating churches.

Dr. Fry expressed doubt that a separate merger movement now underway involving two million Lutherans would lead to a future unified Lutheran church in America.

Fire Destroys A & P Market
SCRANTON, Pa. (AP)—Fire today destroyed a large A & P supermarket at nearby Clark's Summit, causing damage estimated at more than \$50,000.

A general alarm was sounded bringing firemen from a half dozen communities and they battled for two hours to save adjoining buildings threatened by the flames.

When firemen arrived the sprawling one-story brick and frame structure was a mass of flames and additional alarms were sounded bringing a total of 100 volunteer firemen to the scene from Dalton, Justus, Clark's Green and Chinchilla.

The supermarket is located adjacent to the Clark's Summit post-office. Firemen prevented the fire from damaging the government building.

The cause of the blaze was not immediately determined.

CORNERSTONE FOR FIRE HALL WILL BE LAID

The cornerstone of the new \$25,000 engine house of Conewago Fire Company, Edge Grove, about four miles west of Hanover, will be laid Saturday at 4 p.m. by the Rt. Rev. Msgr. Harold E. Keller, pastor of St. Mary's of the Immaculate Conception Church, York, one of the founders of the company organized 10 years ago to provide fire protection for historical Conewago Chapel, the oldest Catholic Church in this area.

The principal address will be delivered by Judge W. C. Sheely, honorary fire chief of the Adams County Firemen's Association. Invocation will be offered by Rev. John P. Bolen, now pastor of Conewago Chapel, and remarks will be offered by Joseph Hemler, company president and H. Carroll Sneringer, fire chief.

Following the ceremonies a turkey and ham supper will be served by the Ladies' Auxiliary in the new hall.

The two-story concrete block building, designed by George Ehrhart, Hanover architect, includes a 28 by 38-foot apparatus room and storage facilities in the basement while a social hall with modern kitchen, which measures 28 feet wide and 78 feet long. Parking facilities are provided in the front and rear of the building.

Name Hall After College Graduate

The memory of Dr. Charles W. Leitzell, graduate of Gettysburg College and Seminary who served for ten years as president of Hartwick College, Oneonta, N. Y., was honored recently when a new men's dormitory for 110 Freshmen students was named Leitzell Hall in his honor.

Mrs. Leitzell, the former Mary "Mam" Mumper, of Gettysburg, gave the response at the dedication service at which Dr. Morris C. Skinner, Albany, N. Y., president of the board of Hartwick College, presided.

The late Dr. Leitzell served as president of the college from 1929 to 1939. For many years he was chaplain for the New York State Legislature.

Mrs. Leitzell is a daughter of the late Mr. and Mrs. Levi Mumper, S. Stratton St.

News From Nearby Counties

FRANKLIN COUNTY
A coroner's jury blamed inexperienced workmen and the violation of safety rules for the death of Wilbur S. Vinson Jr., a 31-year-old laborer who fell 24 feet at a Chambersburg school construction site last month.

Vinson, the father of four, toppled backward while working on the roof of the Frank J. Faust Junior High School. He dropped headfirst through the framework of the roof to the concrete floor of the auditorium stage 24 feet below.

Mrs. Louise Snider Gipe, Greencastle, has been named coordinator of special education classes in the Franklin County schools.

WASHINGTON COUNTY
Plans for the construction of a wing at the Washington County Jail for the temporary housing of mental patients have been abandoned.

YORK COUNTY
Last winter's snow was blamed, in part, for the snapping of power wires that twice resulted in interruption of electric service to about 2,000 consumers in northwestern York County. A Metropolitan Edison Co. spokesman said he suspects that recent cold weather has increased tensions on lines that were weakened by the heavy snow that downed many of the company's lines last winter. Although lines were inspected when they were repaired, he said, some weak spots may have escaped notice.

The possibility of forming a county-wide planning commission in York County was advanced at a meeting Tuesday of the Greater York Regional Planning Commission. A county commissioner, present as a guest at the meeting, indicated that he saw merit in the idea. He cited that the county is planning projects which will cost \$200,000 without knowing that these may conflict with state or local plans in respect to road relocations.

Red Lion residents, polled at a recent community supper, gave top preference to a community swimming pool as the project which they would most like have receive profits from the supper.

CAMDEN, N.J. (AP)—Jacob Magid, 62, Delaware Township, N.J., was killed today in a two-car automobile collision.

Magid, who was thrown from his car in the collision at Chapel and Cooper Landing roads, was pronounced dead on arrival at the Cooper Hospital, Camden.

The driver of the second car, Donald Smith, Mt. Ephraim, N.J., was not hurt.

"Boy Auction" At Church On Sunday

Next Sunday at 10:45 a.m. "The Boy Auction" will take place in the Great Conewago Presbyterian Church. Those taking part will be Glenn Ford, the boy; auctioneer, Rev. W. W. Ritter; bidders, Robert Crandall, the business man; Ray Shupe, the YMCA secretary; Clarence Ford, the salesman; Dervin Wileman, the man of the world; Franklin Weigle, the physician; Dale Taughinbaugh, the school man; Paul Kuykendall, the minister.

Special music by the choir and a solo by Jerry Taughinbaugh will complete the service.

McClellan, local private school teacher, and Dr. Henry Stewart, one of the most extensive chroniclers of county history.

The 25 members of the society proposed additional names for the list including Jennie Wade, John Burns, Robert Harper, Henry Stahl and Hance Hamilton. No criteria have been set for admission to the Hall of Fame.

Count Of Paris, D. Webster
In his talk on prominent visitors Mr. Sheads pointed out that while Gettysburg and Adams County now take visits by distinguished personages in their stride, it was not always so. Most of the world figures have come here since the town was made famous by the battle, he noted, but recalled that plans were made here in 1824 for a visit by Lafayette but that official did not include Gettysburg in his itinerary.

Seventy years later the community went all-out to honor the Count of Paris, soldier and Civil War historian. Mr. Sheads read from a Gettysburg College Spectrum an account of a public meeting in the count's honor in Brua Chapel when Judge David Will introduced General Sickles as the presiding officer and distinguished soldiers and townfolk spoke in welcoming the noted Frenchman.

He told, too, of a visit by Daniel Webster to Gettysburg in 1833 when a citizens' committee invitation to dinner was extended by Thaddeus Stevens but turned down regretfully by Webster whose tight travel schedule allowed him only an overnight stay.

First 25 Years Of Fame
The speaker told of an election eve visit by William Henry Harrison here October 10, 1836, but next day the county went Democratic. James Buchanan, who was to become president, was admitted to the bar here in 1822 and transacted court business in the old court house in the square.

Francis Scott Key, admitted to the bar here in 1802, visited Gettysburg at least twice, once to free a slave.

Mr. Sheads devoted part of his talk to listing prominent folk who came here in the first 25 years after the battle. Abraham Lincoln headed that list and the governors, cabinet members and nine foreign ministers here for November 19, 1863, also were included. Generals Meade, Sickles, Howard and Geary came back after the battle as did Thaddeus Stevens who visited Gettysburg last October 3, 1865, as the guest of Col. J. H. McClellan.

Emma, dowager queen of the Sandwich Islands, came here to visit the 'field August 21, 1866. The 20-year-old queen arrived in two palace railroad cars and caused "a great deal of excitement." She stayed at the Eagle Hotel.

Gifts To Society
General U. S. Grant was here in 1863 and General Sherman came four years later. President Rutherford B. Hayes and a distinguished company were here for Memorial Day in 1878. James G. Blaine, Buffalo Bill, "Fighting Joe" Hooker, the wife of President Tyler, Vice President Hannibal Hamlin, Simon Cameron and many others were listed by the speaker.

Mr. Sheads presented to the society a bound volume of memorial addresses delivered in the House of Representatives upon the death of Thaddeus Stevens. The book was presented by Rufus Bushman and had been the property of Col. John McClellan here, a close friend of Stevens. Sheads also gave the society a picture of Col. McClellan.

During the business session, the society voted \$10 to the Adams County Free Library for a memorial book or books honoring Mrs. Lewars.

Appoint Dr. Darrah
Dr. William Culp Darrah was named assistant curator at the request of Dr. Robert Fortenbaugh, curator for the society's museum. Treasurer Fred G. Troxell reported 11 new members and a current treasury balance of \$482.

A large accession as a memorial to the late John Sachs was acknowledged. Mrs. Sachs has given the society 128 volumes of the official Civil War records.

Mrs. George Ditchburn reported for the Genealogical committee and the society gave her and Mrs. Lynn Sheads a vote of thanks for their work while the society's rooms were being cleaned and the floors waxed recently.

A letter of thanks was directed to the county commissioners for their renovation of a basement vault and for making old county records accessible. Dr. Frederick Tilberg reported on the progress of negotiations over the old seminary dormitory.

NIXON TALKS THIS EVENING

Republicans of Adams County have been invited to an "open house" at GOP headquarters in the C. W. Epley garage, Chambersburg St., tonight, to hear Vice

VICE PRES. NIXON

President Richard M. Nixon deliver the principal address at the "Salute To Senator Edward Martin" dinner at the Bellevue-Stratford Hotel, Philadelphia. The vice president will go on the air and TV at 10 p.m.

Pitzer said that he will be at headquarters to hear Nixon speak and that he will hold open house for an hour before and after the talk.

"This salute to Senator Martin upon his forthcoming retirement will be Philadelphia's and Pennsylvania's tribute to one of its most distinguished sons," said George Bloom, state GOP chairman.

"After the dinner, leaders in Pennsylvania's political, military, professional and business affairs will pay tribute to Senator Martin and then Vice President Nixon will make his address," he added.

"It is important that all the people in Adams County hear the Vice President of the United States. Richard Nixon is a dynamic speaker who will comment on the vital issues facing our nation and our state," Pitzer said.

17 New Members
Seventeen new members were presented for membership: Mrs. Thomas Nixon, Mrs. Arthur Nevins, Miss Nina G. Storrick, Mrs. Bruce Bugbee, Mrs. Alexander Baltzley, Mrs. Joseph Hampton, Mrs. Paul Redcay, Mrs. William Storms, Mrs. Alex Rowland, Mrs. Bracket, Mrs. Chan L. Coulter, Mrs. Tilden Moe and daughter, Mrs. Byrum, Mrs. Henry Ackley, Mrs. Jay Brown, Mrs. Martin Cronlund and Mrs. Felix Westine.

Two Gettysburg college seniors, Miss Florence Duckworth and George Myers, sang several selections accompanied by Miss Nancy Gilroy.

Mrs. Glenn Weiland presented highlights of the General League Convention to be held November 6 and 7 on the college campus. She urged members of the local sub-league to attend and to make luncheon or dinner reservations with her by November 1. Mrs. Richard A. Brown and Mrs. Stanley Hoffman were nominated and elected as delegates to the convention. Mrs. William Swisher and Mrs. Carl Dunne were elected as alternates.

Plan Rummage Sale
The promotion committee chairman, Mrs. Edward Nowicki, told of plans for a rummage sale to be held October 17 and 18 at the GAR post room, E. Middle St. She urges any members to call Mrs. Stanley Hoffman, Mrs. Richard Geyer or herself if they wished to contribute rummage for the sale.

Mrs. Rice announced that Wedgewood alumni plates, cups and saucers are available. The funds will go to the Woman's League treasury. Pittsburgh Symphony Concert tickets can be purchased by calling Mrs. Scott Moorhead.

Following the singing of the Alma Mater, a social hour was held with Mrs. Paul and Mrs. Rice presiding at the tea table. Hostesses were the executive board members with Mrs. John D. Teeter as chairman.

**Charge Youth
Damaged Property**
An 18-year-old truck driver was arrested by state police Monday night at a Hanover Bowling alley on a charge of hit-run driving. Trooper Jay C. Hileman said the information against William L. Cover, Hanover R. 3, was made before Justice of the Peace Sylvia Hoffheins, Paradise Township.

Hileman charged that the youth backed his car into the driveway of Dr. Robert J. Potts, East Berlin R. 3, earlier in the day and caused approximately \$50 damage to 30 feet of locust fence.

Old Holtzschwamm Homecoming Oct. 19

The second annual homecoming service at Old Holtzschwamm Church, Thomasville R. 1, will be held Sunday, October 19, at 2 p.m. The Rev. Dr. Allan S. Meek, of the Evangelical and Reformed Theological Seminary, Lancaster, will be the speaker.

The service will be held in the old church building which was erected in 1849, the third of the four buildings which have been built by the congregations.

The Women's Auxiliary of the Paradise Union Church will serve refreshments in the fellowship hall of the church following the services.

"BIG FOOT" IS RETARDED INDIAN BOY

SEATTLE (AP)—A taxidermist says Big Foot, the creature whose huge, human-like footprints have the people of the Weitchpec area of northern California guessing, is an Indian gone wild.

Al Corbett said he and another Seattle taxidermist, Bob Titmus, inspected the tracks 25 miles north of Weitchpec last Saturday and found the prints to be "very large, definitely human, tracks."

Corbett said the clearest print was 16 inches long, 5 inches across at the heel and 7 inches across at the ball of the foot.

Very Large Feet
A logger in the area, Gerald Crew, last week brought out a plaster cast of a clear footprint.

"The story behind this is that there was a mentally deficient Indian boy who was kept chained by his parents," Corbett said.

"When this boy was 17 years old, 28 years ago, he broke the chains and disappeared. The Indians found his clothes but never saw him again. They said he had extremely large feet."

"We talked it over a great deal and figured this man now must be 6 feet 7 inches to 7 feet 6 inches tall. We thought he might weigh as much as 400 pounds. He made firm footprints in hard ground."

50-Inch Stride
"Measuring the footprints for a distance of more than 60 feet, we found the average stride was 50 inches. We checked this against the stride of a man 6 feet 4 inches tall, with long legs, and his stride was 30 inches."

"We were told by people who saw footprints made when this unknown man was running that they were 10 feet apart."

"I know positively this is a human being."

"It seems logical that it is this Indian who disappeared and is living wild. He does his traveling at night. He has not molested anyone. We learned these tracks have been appearing for the past 10 years."

Girl Scout News
An investiture service for eight new members of Brownie Troop 32 was held Tuesday evening at 7 o'clock at the Cashtown Fire hall. Taking part in the flag ceremony were Janice Carey, Dianne Baumgardner, Rebecca Wetzel and Susan Robert. Carol Hartlaub was the announcer. The Brownie story was presented by Jackie Kuhn, Karen Baumgardner, Patsy Cluck, Beanie Cook and Linda Nunemacher.

The eight new girls received were Cindy Kay Heyser, Peggy Holland, Debbie White, Susan and Sharon Plank, Joyce Hartman, Donna Cook and Bonnie Fickes. Refreshments were served by Mrs. Charles Heyser and Mrs. William Stansbury. No meeting will be held next Tuesday.

Senior Girl Scout Troop 68 elected officers Tuesday evening at a meeting held in St. Francis Xavier school. Mrs. Mary Irene Mayer was named president; Miss Eloise Moyer, vice president, and Miss Mary Ann Henninger, scribe. Plans were made to participate in a skating party to be held Friday night under sponsorship of Troop 62. The "Trailblazer" program of Girl Scouting was discussed.

Senior Girl Scout Troop 3 will hold its weekly meeting Thursday afternoon at 3:45 o'clock in the Girl Scout office. Mrs. Earl Shears and Mrs. L. M. Luchingar are the new leaders.

Intermediate Troop 50, whose members are fly-ups from Brownie Troop 50, will meet Monday, at 3:45 p.m. in the United Church of Christ. Mrs. H. W. Mayer will be the new leader.

Reservations for the council dinner to be held October 14 in the Keefeauver School at 6:30 p.m. are due in the Girl Scout office no later than Friday. The dinner is for all registered adults of the Girl Scout Council.

HOPE FOR RED CEASE FIRE AT FORMOSA

By JOHN M. HIGHTOWER
WASHINGTON (AP)—U.S. officials expressed hope today that Red China will convert its seven-day truce in the Formosa Strait into a permanent, dependable cease-fire.

That view will probably be expressed later this week to the Chinese Reds in diplomatic talks under way at Warsaw. U.S. Ambassador Jacob Beam is scheduled to meet the Chinese envoy, Wang Ping-nan, Friday.

If the Reds are willing to extend their cease-fire indefinitely, they may be open for active U.S. Chinese Communist negotiations for a compromise settlement of the eight-year-old Formosa dispute. At least, it will be open so far as the United States is concerned.

But while there was hope, there was no real optimism here about a permanent cease-fire. Actually, the U.S. government does not

Willson said the group would be himself, Kermit Bloomgarden and Morton D. Costa.

Here for an appearance in Dallas during the State Fair, Willson said the production will be filmed in Iowa, at a site to be chosen later.

know what the Communists aimed at in announcing Sunday that their shelling of Quemoy Island would be suspended for a full week.

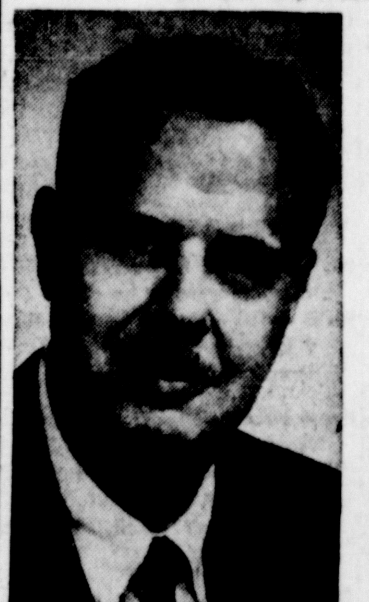

Secretary of State Dulles, returning from a four-day vacation, said the halt in shooting "assures world-wide condemnation of the Chinese Communists if they again resume the fighting."

Washington's speculation that they may not start up again was based in part on the possibility that they would want to avoid such adverse public opinion.

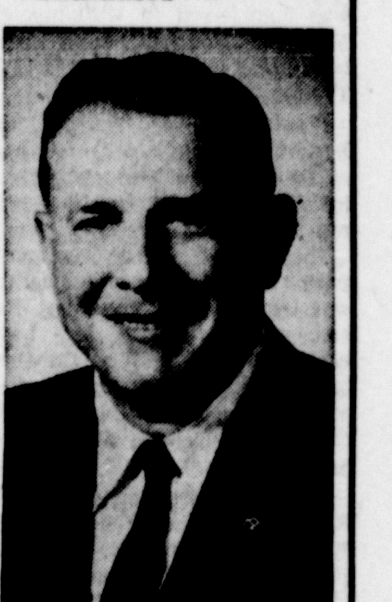

It also was based on the belief here that the Reds may figure they are not making any further profit out of their massive bombardment of Quemoy and stand to gain now from playing a peaceful line for a time.

TWENTY-FIVE YEARS AGO

Rev. Beattie Is Transferred By U. B. Conference: Sixteen changes of pastors including several in Gettysburg and Adams county, were made by the stationing committee of the Pennsylvania Conference of the United Brethren Church in a report read at the closing session of the annual conference at Frederick Thursday evening.

The Rev. W. M. Beattie, pastor of the Gettysburg United Brethren Church for three years, was transferred to Williamsport, Maryland, and will be succeeded here by the Rev. N. B. S. Thomas, of Williamsport.

Due to boundary changes, the Biglerville church will be part of the Gettysburg charge, which includes the local United Brethren church and one at Salem. The Rev. S. Fred Christman, pastor of the Biglerville charge, was transferred to Newburg, Pa. and a new charge has been created to be known as the Orrtanna charge, comprising churches at Mt. Hope, Mt. Carmel, Mt. Calvary, Bethlehem, Mt. Victory and Gardners.

The conference appointed the Rev. Palmer M. Slenker, of Wolfville, Maryland, as the pastor of the Orrtanna charge.

Fine Program At Bigler P.T.: The opening meeting of the Biglerville Parent-Teacher association was held Thursday evening with the new president, Earl Carey, presiding.

Included on the program was a short skit from "The Family Upstairs," the play which the Peter Pan Dramatic Club will present on Thursday, November 2, and an introduction of the members of the cast of the play; piano solos by Janet Carbaugh, Rene Shetter and Ruth Carey; reading by Donald Coddington, Evelyn Lawver and Majelle Garretson; group singing led by Professor Charles Yost.

Also on the program were songs by the fifth, sixth and seventh grades of the school; and numbers by a cornet trio comprising Donald Meekley, Wallace Coddington and Kenneth Dick.

James B. Aumen Elected Treasurer Of State Firemen: James B. Aumen, Gettysburg, a past president of the Pennsylvania Firemen's Association, today was elected treasurer of the state organization at the afternoon session of the state convention, at Lock Haven, according to a dispatch to The Gettysburg Times from the convention floor.

Millard Tawney, chief of the Harrisburg fire company, and a native of Gettysburg, was re-elected president and Charles Clark, of Wayne, was re-elected secretary.

Lutheran Minister Will Marry October 12: The Rev. John S. Bishop, a graduate of Gettysburg college and the Lutheran theological seminary here, now pastor of a Lutheran church in York county, and Miss Carrie Gray, of Goldsborough, York county, will be married at Zion's View Lutheran church, York county, October 12. The Rev. A. M. Stamets, pastor of the Augsburg Lutheran church, Harrisburg, will perform the ceremony.

County Builds Steel Bridge: Work on the construction of a steel bridge over Marsh creek between Cumberland and Freedom townships, near Harper's Mill, has been begun by Adams county Louis D. Wagaman, clerk to the county commissioners, announced today. Frank McDermott is in charge of the construction of the span, which will cost in the neighborhood of \$6,000. The bridge will be constructed in two spans of 46 feet each with a roadway of 22 feet on the road from the Ridge road to Barlow. No bridge has ever been on the site.

Today's Talk

TOOLS AND THE MAN
"Labor is life," said Carlyle. He would equip a man with tools and then set him to work. He said further: "From the inmost heart of the worker arises his God-given force, the sacred, celestial life - essence breathed into him by Almighty God."

More idlers contribute nothing to the world, but thinkers do. Work may well be said to be a religion, useful to the one who adapts it, and an inspiration to the one who makes it a serious part of his entire life purpose. Carlyle was right. "Labor is life."

Tools and the man work together. They are as one. I believe there is a spiritual urge in us all - our better nature appealing to us to be superb in our calculations and ideals. All tools fascinate me. Since early youth I have loved to see men work. Carpenters are creative. How that creative gift has been evidenced all over the world is illustrated in the endless things that tools and the man have created.

The story of the ages, as shown in what man and his tools have wrought, is to be found in the great New York City Metropolitan Museum of Art. We seem very small to ourselves as we look upon the great achievements of other days. Let us hope and pray that they shall not be disturbed by man's brutality in war.

What a blessed thing is this work that we do! What masterpieces of weaving are shown in the beautiful oriental rugs in our museums. And what exquisite tapestries. These created things live forever. If not in themselves, then in the memory of those whose souls created them.

Tomorrow Mr. Adams will talk on the subject: "An Aim in Life"

U.S. Discontinues Escort Of Convoys To Quemoy Isle

By SPENCER MOOSA
TAIPEI, Formosa (AP) - Indications mounted today that U.S. ships have stopped escorting convoys to Quemoy during the seven-day Communist cease-fire in the Formosa Strait.

An unescorted Chinese Nationalist landing ship took tons of ammunition and 450 troop replacements ashore on Quemoy today, the third day of the cease-fire. The captain said his ship "came alone" on the supply run from the Pescadores.

His crewmen told AP correspondent Gene Kramer on Quemoy

that they did not see any accompanying U.S. warships on the 85-mile voyage.

Pour In Supplies

The Nationalists said large quantities of supplies were pouring into Quemoy. The Communists had said they would hold up their artillery attack for a week provided American escorting of convoys ceased.

Washington dispatches said an order halting American convoying might already have gone out. Radio Peiping reported an absence of American "intrusions" into the 12-mile seaward limit the Communists set on their territorial waters and air space, a line the U.S. ships ignored in their escorting.

In Taipei, public information officers of Vice Adm. Roland N. Smoot's Taiwan (Formosa) defense headquarters were apparently under orders to leave all announcements to Washington.

Re-inforce Line

The first American Nike-Hercules missile battalion in the Far East arrived at the southern Formosan port of Keelung today to join in Formosa's defense line. The Nike-Hercules is a super-sonic anti-aircraft missile capable of seeking out and destroying entire formations of enemy aircraft with either conventional or nuclear warheads.

Thirty-four of the missiles and other equipment for the battalion of more than 700 men arrived in Formosa Sunday.

The battalion commander, Lt. Col. Bernard Greenberg of Wilmington, Del., said his outfit expected to be operation - ready to fire - in a week or 10 days.

SCHOOL ISSUE IN LITTLE ROCK MAKES NO GAIN

By RICHARD DAW
LITTLE ROCK, Ark. (AP) - The Little Rock Private School Corp. moved cautiously today toward overcoming federal obstacles to setting up all-white private schools.

Corporation officials promised a statement later this week on an opening date. Definite plans on how the corporation intends to tackle the many blocks facing it were clouded by reticence of officials to disclose information.

A federal court order prevents buildings of the city's four high schools, closed by Gov. Orval E. Faubus to thwart integration, for use by the private corporation. Little Rock public school teachers also are barred by the court from aiding the group.

Name Principal
W. C. Brashears, a retired public school principal named by the corporation to head the private schools, planned to start interviewing prospective teachers in an effort to begin classes as soon as possible.

He said applications had come in from many parts of the country. Gov. Faubus, central figure in the historic federal-state struggle here, threw a new punch at the federal government Tuesday with a charge that officials were trying to intimidate him by assessing him extra personal income taxes.

The government denied the charge, which sprang from a form letter which the Internal Revenue Service later told the governor had been issued prematurely. Faubus said the government had sought back taxes on items covering a three-year period, including rental of the official mansion and salaries of servants.

9 PA. WOMEN ARE HONORED BY GOVERNOR

HARRISBURG (AP) - Nine women, selected as distinguished daughters of Pennsylvania in the fields of art, science and welfare, were honored today.

Gov. and Mrs. Leader were the scheduled hosts at special ceremonies to honor the women and award them with medals for their outstanding achievements.

Selected for the honor from names submitted by local and state organizations for the distinguished daughter award were: Marian Anderson, famous singer and member of the United States United Nations delegation. Hazel Hemphill Brown, president judge of the Municipal Court of Philadelphia.

Others On List

Kathleen Derrigan Byrne, a leading Pittsburgh educator. Ann Hawkes Hutton, author and historian. Dr. Florence Lillian Marcus, an authority on public health. hower appointed him to that position in April, 1954.

Can Take Seat
Under a recess appointment, Stewart will be able to take his place on the nation's highest judicial tribunal immediately after Burton's retirement becomes effective next Monday.

When Congress reconvenes in January, his nomination to the \$35,000-a-year lifetime post will be sent to the Senate for confirmation.

The new appointee told questioning newsmen Tuesday that as a circuit judge, he has had a part in deciding only one school segregation case - an Ohio dispute where the court ruled for prompt integration.

Bricker's Choice
Stewart was recommended for the nomination by Sen. John W. Bricker (R-Ohio).

Stewart said his selection took him by surprise. He came here Tuesday morning for a conference with Eisenhower after a rush call from Atty. Gen. William P. Rogers.

Five of the nine Supreme Court justices, including Chief Justice Earl Warren, now have been appointed by Eisenhower. The political division remains at five Democrats and four Republicans.

PICKS IRISH TO CONQUER ARMY CADETS

By HAROLD CLAASSEN
NEW YORK (AP) — There's nothing like a crisp, audible tackle to make one forget quickly and completely about baseball.

Why couldn't it have happened a week ago when double plays and sacrifice flies interfered to the extent that 12 of 52 choices were incorrect for a record of 769.

Here are this weekend's undisturbed picks:

Ohio State over Illinois: The Buckeyes start playing in earnest now that their Big Ten title is at stake. It is an Illini home game but you can see it on your TV screen.

Sooners Again
Oklahoma over Texas: The lean raw Oklahomans meet the lean, raw Texans. But the Sooners have more of them and that should decide.

Notre Dame over Army: This could be the game of the day. The Cadets have, by statistics, one of the most devastating machines in the nation when on the attack in Dawkins, Anderson and Lonesome Bob, the isolated end. The Irish have Nick Pietrosante and a tougher defense than Army has encountered before.

Auburn over Kentucky: The Plainsmen are rated No. 1. There is no reason to disagree.

Pick Pitt To Lose
Wisconsin over Purdue: Two unbeaten, unscathed powers of the Big Ten collide. Loss of Purdue's Wayne Farmer, a 240-pound tackle via an injury will hurt the Boilermakers.

Mississippi over Tulane: The Rebels have it again this year. Michigan State over Pittsburgh: The Spartans will be mean after that tie with Michigan a week ago but those anthems have claws.

Michigan over Navy: Navy will be protecting a 10-game winning streak but the loss of tackle Bob Reifsnyder wrecks the Middies chances of adding to the list.

Other Choices
Skipping over the others in a hurry:

FRIDAY
LSU over Miami, Denver over Montana, Wofford over The Citadel.

SATURDAY
East: Colgate over Bucknell, Connecticut over Massachusetts, Yale over Columbia, Delaware over Lafayette, Lehigh over Harvard, Penn State over Marquette, Princeton over Penn, Rutgers over Richmond, Syracuse over Cornell, Detroit over Villanova, West Virginia over Boston University, Dartmouth over Brown.

SOUTH: Alabama over Furman, Duke over Baylor, Florida State over Georgia, Georgia Tech over Tennessee, Maryland over Texas A&M, Mississippi State over Memphis, North Carolina over South Carolina, Virginia Military over William & Mary, Virginia Tech over Virginia Tech, North Carolina State over Wake Forest, Clemson over Vanderbilt.

In The West
Midwest: Cincinnati over Xavier, North Texas State over

Dick Sleichter Stages Golf Rally To Stay In Running

ORELAND, Pa. (AP)—Defending champion Dick Sleichter entered the third round of the Philadelphia Professional Golfers Assn. Tournament today after almost losing the first two rounds.

Sleichter, who is President Eisenhower's pro at Gettysburg, had to come from behind to beat Toby Constanza, Sunnybrook, 1 up in the first round Tuesday.

In the afternoon round, Steve Grady, Brookside, pined Sleichter's lead to 1 up by taking the 14th and 15th holes. But Sleichter rallied and won 3 and 2.

The opening day medalist, Stan Dudas of the host North Hills Country Club, also won the first two rounds eliminating Jim Gantz, Harrisburg, 6 and 4, and Ken Stears, Huntingdon Valley, 2 up.

Other second round winners: Rod Munday, York, defeated John Long, Louver, 4 and 3. Bob Ross, Susquehanna, defeated John Moyer, Schuylkill Haven, 1 up.

Mike Rooney, Cool Creek, defeated Ken Rutherford, Lebanon.

GHS, WILDCATS CLASH FRIDAY IN 32ND GAME

When Gettysburg High meets Mechanicsburg on the latter's field Friday evening in a South Penn Conference football game it will mark the 32nd game between the schools in a series starting way back in 1919.

The Wildcats hold a big edge in the series with 20 victories as compared to but seven for the Warriors. Four games ended in ties.

Last year Ben Jones' outfit pulled a stunning upset here in edging the 'Cats 20-19 and they hope to pull another on Friday night.

Mechanicsburg is favored on the basis of a 13-0 victory over Shippensburg. The Warriors played a scoreless tie with the Greyhounds.

Tom Yost, son of Prof. and Mrs. Charles Yost, Biglerville, is piloting Mechanicsburg this year. He is serving while Johnny Fredericks, veteran pilot, is recovering from a hip operation.

Drake, Houston over Wichita, Iowa over Indiana, Iowa State over Kansas, Minnesota over Northwestern, Southern Methodist over Missouri, Nebraska over Kansas State, Oklahoma State over Tulsa.

SOUTHWEST: Rice over Arkansas, Texas Christian over Texas Tech.

FAR WEST: Air Force over Colorado State University, Arizona State over Hardin Simmons, Colorado over Arizona, California over Utah, Washington State over Idaho, College of Pacific over Brigham Young, Oregon over Southern California, Washington over Stanford, Oregon State over Wyoming, Oregon over Southern California.

In The West
Midwest: Cincinnati over Xavier, North Texas State over

9 and 8.
Sam Davis, Saucon Valley, defeated Frank Clark, Woodcrest, N. J., 2 and 1.

Russ Ebbetts, unattached, defeated William Palumbo, Kennett Square, 1 up.

Al Nelson, Whitford, defeated Chet Munson, Concord, 1 up in 19 holes.

Skee Riegel, Radnor Valley, defeated Jack Helms, York, 2 and 1.

Bud Lewis, Philadelphia Mfgs., defeated Ed Tabor, West Shore, 2 and 1.

Jay Weitzel, Hershey, defeated Al Keeping, Gulph Mills, 5 and 4.

Henry Williams, Berkleigh, defeated Mike Rubish, Locust Valley, 2 and 1.

Fair Weather Is Predicted Today

MILWAUKEE (AP) — An optimistic weatherman eliminated all mention of precipitation from the weather forecast and predicted partly cloudy skies and mild temperatures for today's sixth game of the World Series.

Temperatures were expected to be in the 50s early in the day, climbing to about 72 by the time the New York Yankees and Milwaukee Braves take the field in Milwaukee County Stadium at 2 p.m. (EST).

A steady rain fell late Tuesday and Tuesday night.

YANKEES SEEK TO MATCH '25 BUCS IN SERIES

By JACK HAND
Associated Press Sports Writer

MILWAUKEE (AP)—If the New York Yankees fight back to make this a seven-game World Series and then win it, they will match the comeback of the 1925 Pittsburgh Pirates.

The '25 Pirates, managed by Bill McKechie, were the only team to overcome a 3-1 deficit to beat the Washington Senators in a best of seven series. In the very first series in 1903 when it was a best of nine competition, the Boston Red Sox, trailing 3-1, bounced back to win the next four and defeat the Pirates. Deacon Phillippe pitched five complete games for Pittsburgh in that series.

Johnson Was Victim
Walter Johnson was the victim of the Pirates' comeback on a rain-soaked, muddy field at Pittsburgh 33 years ago. Johnson had won the opener 4-1 from Lee Meadows and shut out Pittsburgh 4-0 in the fourth game. Alex Ferguson also had won a game, the third, 4-3 after Vic Aldridge had given the Pirates their lone victory at the expense of Stan Coveleskie in the second, 3-2.

Aldridge came back in the fifth game to beat Coveleskie for the second time 6-3 and Ray Kremer took the measure of Ferguson to square the series after six games.

With Johnson going for Washington, Manager Bucky Harris figured he had things under control after his club scored four in the first inning in the rain, knocking out Aldridge.

Doubles For Victory
Pittsburgh came up with three in the third but Washington got two in the fourth. After six innings Johnson, although being hit hard, had a 6-4 edge.

The Pirates tied the score in the seventh only to have Washington come back with another in the top of the eighth on Roger Peckinpah's home run. That was the setting when Johnson went out for the eighth.

Pittsburgh started to rally. Soon the bases were full. In the gloom of a rainy late October afternoon, Kiki Cuyler came through with a double for the tying and winning runs.

Barbizon was the French school of middle 19th Century artists who took their subjects straight from nature.

A parking problem has popped up. During the first two games of the series last week, "emergency areas" connected with the construction of an expressway that will pass near the Braves stadium was used. But heavy rain washed out those extra spaces, cutting available parking spaces from 12,000 to 10,000.

Braves' pitcher Warren Spahn said he couldn't remember the last time he pitched with only two days' rest (it was May, 1956, and he lost), then recalled the "Spahn, Sain and pray for rain" line of the 1948 race. That's when Spahn

BRAVES HOLD FAMILY DAY AT HUGE STADIUM

By ED WILKS
Associated Press Sports Writer

MILWAUKEE (AP) — Tuesday was family day during the Milwaukee Braves' workout. Catcher Del Crandall had his two sons in tow at County Stadium. Eddie Matthews brought along Eddie Jr., decked out in a baseball uniform, an oversized cap and cowboy boots.

Mickey Mantle had his own ideas about Yankee Manager Casey Stengel seemed naive to pitch the sixth World Series game. "If I was manager," said Mick, "I know who I'd pick — me."

Warren Spahn Gets Job Today Of Clinching Series Against Yanks; Whitey Ford Likely In

By JOE REICHLER
Associated Press Sports Writer
MILWAUKEE (AP) — Although the World Series could end today, both managers — Fred Haney of the Milwaukee Braves and Casey Stengel of the New York Yankees — were thinking of Thursday and a possible seventh and deciding game.

After giving two-time winner Warren Spahn the job of clinching the series in the sixth game today, Haney told reporters: "I'd like to clear it out as quickly as possible, but if we don't do it today, then we got another chance tomorrow."

Haney, naturally, expressed faith in Spahn's ability to register his third straight victory over the Yankees and declined to speculate on his seventh game pitcher, if necessary. There was no doubt, however, that Lew Burdette, winner of the second game and loser of the fifth, would be his man.

Likely To Be Ford
Stengel was undecided but strongly indicated that he probably would settle upon Whitey Ford today, with Bob Turley his seventh game choice, should the Yankees win.

Ford has started twice and the Yankees have lost both games. The 29-year-old southpaw was charged with one of the defeats and relief ace Ryne Duren the other.

"Ford tells me his arm is all right, and he's my best," said Stengel. "Spahn showed us he's a great pitcher. You've just got to go with your best against a guy like that."

Spahn's Arm Fine
Turley also would be going with two days rest should he pitch the seventh game, if one is necessary. He turned in the best performance of his career Monday, shutting out the Braves 7-0 with a five-hitter to trim the Braves' lead in games to 3-2.

Spahn will have had a bit more than two days rest when he faces the Yankees today. The 37-year-old left-hander said his arm felt fine.

The two lineups depended upon the pitchers. Haney said he would use his right-handed platoon, with Andy Pafko in center field and Joe Adcock at first base, if Ford were to pitch. With a right-hander going for the Yankees, Billy Bruton would be in center and Frank Torre at first.

Yanks All Set
The Yankee lineup was all set except for third base. Stengel said he will stick with Elston Howard in left field and Yogi Berra behind the plate.

"If Ford pitches for me," he said, "I may play the kid (Bobby Richardson) at third base. Those right-handers of theirs hit it down

that way with a left-hander on the mound. And the kid's the best glove man I've got. If a right-hander pitches for me, it might be (Jerry) Lumpe. I seem to remember that he got a hit as a pinch hitter against Spahn in the last series. Now, if I want the long ball, I might play (Andy) Carey."

ARIZONA END TOP RECEIVER
By THE ASSOCIATED PRESS
Anyone who read the University of Arizona's football brochure before the start of the 1958 college football season and then looked at the offensive statistics in its first three games must have done a double take.

The big mystery is Dave Hibbert, a rangy end who has caught 16 passes in three games, to take the leadership in that department according to figures released today by the National Collegiate Athletic Bureau in New York. Hibbert is not listed in the brochure.

Hibbert had a good day last Saturday against Tulsa with five receptions to jump from fourth place. He has not scored but has netted his team 160 yards.

Charley Milstead of Texas A&M leads the nation's punters with a 49.9 yards average on eight punts. Georgia's Bob Walden has kicked 12 times for a 47.7 average, while Don Coker of North Carolina has a 46.7 average on seven punts.

Cards Give Three For Rookie, Vet
ST. LOUIS (AP) — The St. Louis Cardinals made a 3-for-2 trade with the San Francisco Giants Tuesday, their second multi-player swap since Solly Hemus became manager last week.

Pitcher Billy Muffett, Catcher Hobie Landrith and utility infielder Benny Valenzuela were sent to the Giants for pitchers Ernie Broglio and Marv Grissom.

The Cards gave up three players who failed to deliver in 1957 for a promising rookie, Broglio, and a 40-year-old veteran of nine years in the major leagues.

Broglio, 23, won 17 games and lost only four this year in Triple-A competition. The 6-foot-2 right-hander will accompany the Cardinals on their forthcoming exhibition tour of the Orient.

TEST FOAM "PLUGS" ON MINE FIRES

By JOHN KOENIG JR.
Associated Press Special Service
WASHINGTON (AP)—Foaming substances similar to those used in homes and industrial plants to remove grease and dirt have been employed successfully in controlling certain fires in an experimental coal mine in Pennsylvania, the Bureau of Mines reported today.

Bureau researchers said they started nine fires in the bureau's experimental mine near Bruceton, Pa., to determine the effectiveness under American mining conditions of a new "foam plug" technique originated in England.

Six of nine fires were controlled by the foam and three were not. Four different brands of foaming agents, some with stabilizing additives and some without, were used in the tests.

The bureau's conclusions, given in a detailed report released by Interior Secretary Fred A. Seaton, are that coal fires of "moderate size and intensity" can be controlled effectively by large masses of foam generated several hundred feet away.

The bureau said it is continuing the tests to gain more information about the new method.

How It Works
Bubble-making solutions, containing chemicals found in household and industrial detergents, were used to produce foam plugs.

Mixed with water and sprayed on a cotton screen or net stretched across a mine passage, the solutions formed large bubbles that built quickly into a huge mass or "plug" of foam.

The plugs were carried by the mine ventilating current to the fire zone, where the water in the foam vaporized, lowering the temperature and smothering the flames.

54-YEAR-OLD HORSE OLDEST IN THIS STATE

HARRISBURG (A)—The Federated Humane Societies of Pennsylvania have named Blackie, a horse owned by Mrs. Chester R. Deibler of Valley View, near Pottsville, the oldest living horse in the state.

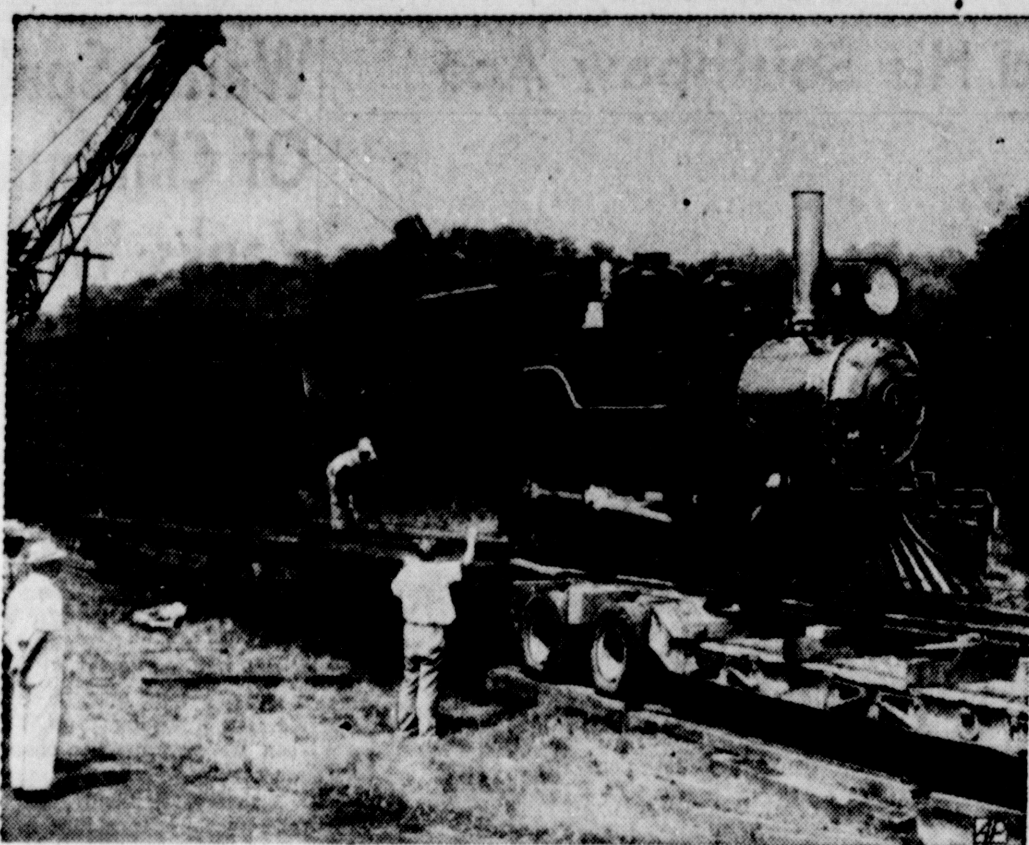

Blackie's owner claims the ancient horse was born 54 years ago in 1904. One authority said that, figuring a year of a horse's life equal to three years of a human being, the horse has lived the equivalent of about 160 years.

Affidavits and dozens of other official records were submitted to back up Blackie's claim to longevity.

300 Entries
Officials of the societies checked through more than 300 entries in an old horse contest before naming Blackie the winner. Other horses ranged in age from an infantile 14 to 35.

Blackie, who still romps in the fields and apparently has no idea of settling down to a life of retirement, will be honored as the oldest horse in the Commonwealth by the Pennsylvania National Horse Show officials.

"Too Darn Smart"
The horse will be guest of honor at a "retirement" ceremony to be

MUST REMOVE INCORRIGIBLES FROM CLASSES

KANSAS CITY (AP)—Problem pupils usually turn out to be pupils with problems, but if they're bad enough they must be expelled.

That is the consensus of 25 assistant superintendents and directors of secondary education from cities of more than 200,000 population gathered here for a discussion of common problems.

"When a student becomes incorrigible and disruptive of the class he must be removed," said Fred Schoenberg, assistant superintendent of the high schools in Brooklyn. School disciplinary cases there caused a furor last year.

The Brooklyn educator said there were only two such suspensions last year where the school population approaches 950,000.

Have Special Classes
J. G. Bryan, director of secondary education in Kansas City described special classes established for students who are extreme discipline cases with no more than 10 to a class. The problem student remains in the group until the teacher decides he is ready to return to regular classes.

"This accomplishes two things," said Bryan. "It takes the youngsters out of class who are a disturbing influence and it makes an effort toward rehabilitation." The educators agreed authorities are doing everything possible to help the trouble-causing student through physical and psychological tests and counseling with the youngster and his parents.

presented in connection with the annual horse show in the State Farm Show Arena in Harrisburg Oct. 18.

Mrs. Deibler's father, W. C. Johnson, a former owner of the horse, said one of the reasons Blackie has lived so long was that "he has been too darn smart to have anybody abuse him."

"He could be 64 years of age," Johnson said. "The trouble is that the pony has outlived so many people that it is hard to get in touch with anyone who knew him."

Jet Liner Flies Ocean Six Hours

LONDON (AP)—A British Comet IV jetliner carrying 40 passengers zipped across the Atlantic from New York to London in 6 hours, 32 minutes Tuesday.

Capt. James Linton, pilot of the British Overseas Airways Corp. plane, said he probably could have beaten the 6 hours, 7 minutes record set Saturday if he had been allowed to fly 10,000 feet lower.

He said the tail winds at the 30,000-foot level were far stronger than on his assigned path this morning. The record was set by another Comet IV.

DIVORCE CASE IS DELAYED

LONDON (AP)—The Marquis of Milford Haven was told by a judge Tuesday he must wait at least two weeks before learning whether his Mexican divorce can be recognized in England.

The tall, dark, 39-year-old British blueblood—best man at the wedding of Prince Philip and Queen Elizabeth II—is reported ready to marry film actress Eva Bartok as soon as he is legally free.

Milford Haven is asking the divorce court to declare his divorce valid in England. His American ex-wife, the former Mrs. Komaine Simpson, flew to Chihuahua, Mexico, for 24 hours in 1954 and obtained a decree on grounds of incompatibility.

Britain does not recognize Mexican divorces. But the marquis' counsel argued that English courts recognize New York divorces and New York courts recognize Mexican divorces, so a decree held valid in New York should be valid here.

Judge Arthur Davies adjourned the case until "not before Oct. 20."

Miss Bartok divorced her fourth husband, German actor Kurt Jurgens, in November 1956.

RECRUIT GETS BONUS PRIZES

YORK, England (AP)—Alan Yansley joined the British army Tuesday, and you never heard of such a reception.

As he sauntered out of his train at York Station, a welcoming delegation of soldiers from his new regiment came up the platform to greet him.

Capt. Peter Fleming, leading the welcoming group, explained he was adjutant, shook hands, and escorted Yansley off to the nearby camp in an army car.

"At the camp headquarters the commanding officer, Maj. J. S. Wood, stepped forward, shook Yansley's hand enthusiastically, and gave him a government savings bond."

Yansley was getting the idea the British army must be in pretty bad shape for manpower. Then the commanding officer started his welcoming speech.

Yansley, said the happy major, was the regiment's 200th recruit of the year, the man who fulfilled their recruiting target. It was wonderful while it lasted. Wednesday Yansley goes on kitchen police.

UNITED APPEAL OPENS TONIGHT IN FREDERICK

Volunteer workers from the Emmitsburg area will join workers from throughout the county tonight as the Community Chest-Red Cross United Appeal of Frederick County gets under way at a dinner meeting this evening in the West Junior High School, Frederick.

Nine agencies are supported by the fund. They are American Red Cross, Boy Scouts, Children's Aid Society, Esther E. Grinage Kindergarten, Federated Charities, Girl Scouts, Salvation Army, United Service Organization and Young Men's Christian Association.

Albert L. Leary is town chairman for the Emmitsburg division of the appeal. Captains for the town drive and their territories are: Mrs. Clarence Frailey, W. Main St.; Mrs. John White, E. Main St.; Mrs. Daniel Naille, Taneytown Rd.; Mrs. Ralph Long, Gettysburg St.; Mrs. Carlos Englar, Frederick Rd.; Mrs. Kenneth Wagaman, Zurgable's Store to St. Anthony's; and Mrs. Earl Rice, Waynesboro Rd.

Mrs. Andrew Eyster is co-chairman for the area around Emmitsburg. Her aides and their territories are: Mrs. Roy Sanders and Mrs. Vernon Keiholtz, Harney Rd., and Mrs. Chester Masser, Frailey Rd.

Frederick W. Weitzel, president of the Ox Fibre Brush Co., is general chairman of the appeal. Carl V. Weakley, manager of the Chesapeake and Potomac Telephone Co., and Dr. James A. Sensenbaugh, county school superintendent, are co-chairmen.

GOP LEADER IN LUZERNE NOT HELPING

PHILADELPHIA (AP)—George Bloom, Republican state chairman, said today he hopes Luzerne County GOP leader T. Newell Wood will reconsider his decision to sit out the current political campaign.

Wood, the prominent Wilkes-Barre industrialist who successfully managed the primary election campaign of the Scott-McGonigle ticket, said he hasn't been asked to help out in the general elections and "I don't intend to."

"I haven't been asked," "I haven't even been asked for a contribution and that suits me. I'm going to spend the rest of the campaign racing sports cars and showing my horses instead of button-holing people to vote Republican," Wood said Tuesday.

Bloom said he was at a loss to explain Wood's statement. "I certainly did nothing intentionally to make him think his assistance was not welcome. We need every Republican worker in the party," Bloom said. "Wood did a wonderful job in the Republican primary."

"I haven't been up to Luzerne County during the present campaign but I hope to get up there and talk with Newell. We have always been on the very best of terms and I hope we continue the relationship," he said.

Betting On Lawrence
Bloom said Wood was on good terms with the Luzerne County Republican leadership, so far as he knew.

There have been reports that Wood, a former state senator, recently placed a \$1,000 bet Pittsburgh Mayor David L. Lawrence would defeat McGonigle for governor.

As a result, Luzerne County Democrats are talking of winning the area by a substantial margin despite a 2-1 registration in the Republicans' favor.

Taneytown Volunteer Fire Co. will meet Thursday at 8 p.m. in the social hall of the firemen's building. Carrie Weishaar, vice president, will be in charge.

Mr. and Mrs. Frank Moffitt, R. 2, were Sunday guests of Mrs. Moffitt's brother-in-law and sister, Mr. and Mrs. Amidee Bollinger, and family, Westminster.

Mrs. Mary Mohny, Hanover, spent the weekend with her son and daughter-in-law, Mr. and Mrs. Harry Mohny, Uniontown Rd.

Mrs. Vincent Hines and sons, David and Paul, Philadelphia, spent the weekend with Mrs. Hines' mother, Mrs. Charles B. Kephart, R. 2.

65 Seniors Win Strike Demands

SCRANTON, Pa. (AP)—The 65 striking seniors at Dickson City High School were back in school today, most of their demands met. When they refused to attend classes last Thursday, they came

up with a bill of 12 complaints. Ten of the complaints were settled Monday at a meeting with the school principal, the school superintendent, members of the Parent-Teachers Assn. and class representatives.

The other two were "being looked into."

Miss Edith Oakley, agreed to quit

as yearbook faculty adviser. The walkout was triggered when she refused to permit the students to publish pictures of an after-school restaurant rendezvous in their yearbook.

Whether the pictures will be in or out of the book was still to be settled.

SPOOKS MARCH AT CARLISLE OCTOBER 28

Beauty queens from Carlisle, Boiling Springs, Mechanicsburg and Shippensburg will participate in Carlisle's annual Halloween parade which will be held this year on Tuesday night, October 28.

Large and small marching units and costumed individuals and couples will compete for prizes in the spook parade, as well as numerous colorful floats. Six bands will also be in the line of march.

The celebration is sponsored by the Carlisle Recreation Board, the Carlisle YMCA and other civic and service organizations of the community. A meeting of the Halloween committee, representing 12 or more participating organizations, is scheduled for October 15 in the YMCA building.

Window Contest Too
Following the custom of previous years, the committee is inviting pupils in the Carlisle schools to participate in a window painting contest, to be scheduled on a date several days before the parade.

The parade itself, reputed to be one of the largest in the area, will be judged by a committee headed by John D. Pusey, of the Dickinson College faculty. Assisting him will be M. Sgt. J. S. Denney, Mrs. Charles Spahr, Mrs. Helen Foster, DelRoy Wurster and Roy Hoffman.

Halloween committee has made a plea for funds. The success of the celebration depends on the amount of contributions, a committee spokesman said. Frank P. Line, of the Carlisle Trust Co., is treasurer for the event.

Ten Divisions
The parade will be formed at Hanover and South Sts. at 6:30 p.m. and the march will begin at 7:30. Participants will be awarded prizes in these 10 divisions:

Individuals under 7 years of age; individuals, 7 to 14; individuals, 14 and over; couples under 14 years; couples, 14 and over. Small marching groups, three to

Stewart Will Be Youngest Justice

WASHINGTON (AP) — At 43 Potter Stewart is going to be the baby of the U. S. Supreme Court.

But Stewart, appointed to the court Thursday, won't be the youngest justice ever to sit on the high bench.

Justice William O. Douglas was only 40 when Franklin D. Roosevelt appointed him in 1939.

Two early-day justices, Thomas Todd, appointed in 1907, and Joseph Story, appointed in 1812, were only 32 at the time.

Ages of the other present justices: Chief Justice Warren 67, Hugo L. Black 2, Felix Frankfurter 5, Douglas 59, Tom Clark 59, John M. Harlan 59, William J. Brennan 52, and Charles Evans Whittaker 57.

DEMOCRATS' GAINS SLASH GOP PA. LEAD

HARRISBURG (A) — Almost complete registration figures showed today that Democrats enrolled 48,463 more new voters than Republicans in Pennsylvania for the Nov. 4 general election.

Reports from 63 of the state's 67 counties gave Democrats a gain of 91,687 new voters and Republicans 43,224 from the May 20 primary voter enrollment.

The figures reduced the GOP's traditional registration lead over Democrats to 218,302. The Republican edge was 266,765 for the primary. It was 907,114 in 1954 before election of Democratic Gov. Leader.

4 Missing Counties
The four missing counties, Delaware, Jefferson, Lackawanna and Luzerne, might make some variation in favor of the Republicans since only Lackawanna is normally Democratic.

The registration, using primary figures for the missing counties, showed 2,761,403 Republicans; 2,543,101 Democrats, and 70,432 minor parties, a total of 5,374,936.

The November election registration figures showed 2,761,403 Republicans; 2,543,101 Democrats, and 70,432 minor parties, a total of 5,374,936. The November election registration figures showed 2,761,403 Republicans; 2,543,101 Democrats, and 70,432 minor parties, a total of 5,374,936.

Phila. Lead Of 68,992
The Philadelphia figures, subject to change, gave Democrats a lead of 68,992—a far cry from the Republican edge of 457,000 ten years ago. Five years ago the Republican registration lead in Philadelphia had been reduced to 260,000.

The figures from heavily Republican Montgomery County were also subject to further check. The new figures reported from that county gave Republicans a gain of 6,000 and Democrats 3,000 from the primary registration.

In Democratic Allegheny County (Pittsburgh) Democrats registered 17,376 new voters and Republicans 7,022.

The registration gains in some other of the larger counties: Berks, Republican, 1,015; Democrat, 2,337. Bucks, Republican, 3,291; Democrat, 3,064. Cambria, Republican, 358; Democrat, 1,119. STATE CALLS 4 IN CINDER CASE

SMETHPORT, Pa. (AP)—The state has called four witnesses thus far in outlining its case against John Harris Jr., 50, of Frackville, who is charged with forgery in connection with an alleged \$2,900 McKean County cinders fraud.

SPEEDY YOUNGSTERS — Future stars of America's racing tracks are bunched together as they take a turn during race in San Francisco. Youngsters whose ages ranged from six to nine competed. Race was held over three-quarter-mile track laid out in a parking lot.

One of the witnesses, J. J. Apple of Smethport, assistant superintendent of highways in McKean County, testified Tuesday that he recognized weight slips that were introduced into evidence.

Harris and Vincent Swartz, 52, of Mahanoy City, were scheduled to be tried at the same time. Both are accused of forging weight slips and shortweighing the State Highways Dept. on cinders delivered in the county in 1956.

However, Defense Atty. A. A. Regienius objected to the joint trial. His objection was upheld by Judge Charles G. Hubbard who ordered separate trials.

NIXON COMING TO THIS STATE FOR 24 HOURS

PHILADELPHIA (A) — Vice President Nixon comes to Pennsylvania today for a 24-hour visit aimed at giving impetus to the Republican party's statewide political campaign.

After a reception at the Union League, he will deliver the principal address at a \$100-a-plate fund-raising dinner honoring retiring Sen. Edward Martin. Nixon's speech tonight will be carried over a 10-station television network (10 p.m. EDT).

Friday he flies to Pittsburgh for a luncheon with top party candidates.

Greeted By Bloom
The delegation greeting Nixon at International Airport included George Bloom, state GOP chairman, a number of candidates and party workers, and the five men at the head of the GOP slate. They are Rep. Hugh Scott, who is campaigning for Sen. Martin's

seat; Arthur T. McGonigle, candidate for governor; John M. Walker, nominee for lieutenant governor; Andrew J. Gleason, running for secretary of internal affairs, and Superior Court Judge Robert E. Woodside, nominee for the State Supreme Court.

Wilbur H. Hamilton, Republican chairman in Philadelphia, estimated that more than a thousand persons would be on hand for tonight's dinner.

Republican leaders have been assigned to speak on various aspects of Martin's career in a tribute to the 78-year-old former governor and commanding officer of Pennsylvania's 28th Division.

Breakfast Meeting
The statewide candidates plan a breakfast meeting with Nixon Friday to discuss campaign strategy before the vice president leaves for Pittsburgh.

In a speech Tuesday night to the Republican State Finance Committee here, McGonigle predicted a GO victory by a "comfortable margin."

Earlier, at suburban Wayne, McGonigle said the State Highways Department under Gov. George Leader is a "perfect example of what happens when political bosses get their hands on a professional agency of the government."

"This great department has been assaulted by Democrat bosses, and the loss is measured in lost ground, lost time and lost lives," he said.

MAN IN SPACE IN TWO YEARS

STAMFORD, Conn. (AP) — Roy W. Johnson, the nation's space boss, says plans are afoot to shoot a man into space in 24 to 36 months.

The remark, inserted with little elaboration into a prepared speech Tuesday night, stunned available Pentagon sources. They said he might be referring to the Air Force X15 project.

The X15, a jet plane, has a greater potential for speed and altitude than any yet manufactured. Due to be unveiled Oct. 15, it is expected to hit speeds between 3,200 and 4,500 m.p.h. and carry a pilot up to 200 miles above the earth.

Johnson, director of the Advanced Research Projects Agency of the Defense Department, spoke at the dedication of the CBS Laboratories Research Center here.

Newsman reached him at his home here later, but he would not say whether a specific type of vehicle for the space man was in mind.

Reporter Hints Russia May Be Trying To Oust Red China From Nuclear Group

By WILLIAM L. RYAN
AP News Analyst

WASHINGTON (AP) — Much of the Soviet Union's talk about wanting a high-level agreement on prohibiting nuclear weapons tests has been dismissed here as propaganda. Some of it may not be.

There's more than a little suspicion the Soviets are looking for a valid excuse to blackball Red China from nuclear club membership.

Perhaps the Soviets should get a little encouragement. It is possible Peiping already nurses some resentment against Moscow on this score.

Moscow seems worried by Red China, now transforming herself into a major world military power.

Has Three Members

Five months ago Foreign Minister Chen Yi, a rising Peiping star, spelled out Red China's intention of bidding eventually for membership in the nuclear bomb club. The club now has three members: the U.S.S.R., Britain and the United States. In the West, France also is about ready to make the bid.

Unless there is a world ban on testing, it will be difficult to keep out these aspiring members.

There seems to be a connection between this issue and the rise of

Foreign Minister Chen's political fortunes in Peiping.

Cited Test Dangers

When Moscow last spring announced a suspension of nuclear weapons tests, it sent a direct communication to Peiping, pointedly referring to a rising danger of contamination for all populations. With China in the nuclear bomb club, there would be all the more peril to the Soviet population.

Premier Chou En-lai seemed to agree with the Soviets. But Chou's influence is waning. Chen Yi, apparently made of sterner stuff, has Chou's former job as foreign minister. And Chou seems to have been overruled. Obviously Red China still wants in, and wants the wherewithal from the Soviet Union to make the bid.

But if a high-level agreement should be reached on test suspensions, the application could be pigeonholed.

Other Friction Points

There are other points of Peiping-Moscow friction. It has just been demonstrated that Moscow is worried that the Formosa crisis may get out of hand. Peiping has been warned it may have to go it alone if it gets into serious trouble.

Long before that, however, it seemed significant that in all their

talk of summit meetings prospects this year, the Soviets omitted Red China, even while including the heretic Yugoslavs. This could hardly have pleased Peiping.

Some of the trouble may be ideological. Red China has become entirely too orthodox. In fact, it is well ahead of the Soviets in denouncing the Yugoslav variety of heresy and in restoring Stalin to Red sainthood.

Needed Formosa Crisis

One reason: Red China's system needs a form of Stalinism, just as the Soviet dictatorship needed it in a similar stage of development. An agrarian country is being transformed into an industrial power with amazing speed.

Also, Peiping needed the chronic Formosa crisis, the picture of an outside enemy armed to the teeth, the specters of enemies within, just as Stalin needed these things. The Communists need them to enforce the harsh discipline necessary for swift internal transformation.

Many an observer testifies to the Soviet awe of China's 650 millions, a population growing at a frightening rate.

There will be a real contest someday between the two. China as a nuclear power would be much harder to contain than China outside the club. That's one reason the Soviet Union may really want a high-level decision to ban bomb tests. It could provide the Soviets with an excuse to brake Red Chinese ambitions. They might even be willing to pay a significant price for that.

Killing Frosts Sweep Across Pa.

HARRISBURG (AP) — A State Agriculture Department survey shows that Pennsylvania's farm activities were touched by killing frosts during the week ended Monday.

Statewide temperatures averaged near 5 degrees below normal with killing frosts occurring last Thursday and Monday in northern sections and in some central areas.

However, the report said Tuesday that hay and vegetable harvest is complete, while still under way are apple, corn ensilage and buckwheat harvests.

Winter grains germinated and grew well, giving fields a good winter vegetation cover.

JANICE IS NEW STORM MENACE

MIAMI, Fla. (AP) — Hurricane Janice, the season's most deadly storm, spun its winds of 75 m.p.h. in the open Atlantic today, a menace to unwary sailors. Its victims numbered 19.

Janice was located early today about 455 miles east of Jacksonville.

Reconnaissance aircraft and ships reported Janice was moving between north northeast and northeast at 8 m. p. h. The Weather Bureau said the course would keep the storm's center well off the East Coast of the United States.

Gale Warnings

Gale warnings were lowered south of Wilmington, N.C., to Vero Beach but continued to fly south of Cape Hatteras, N.C., to Wilmington.

Janice became a killer when it whipped through Bahama waters Tuesday on a drive to the open sea. A 45-foot Haitian sloop, trying to make shore in heavy seas, swamped and 18 persons aboard were drowned.

In earlier tropical storms this season, one death was attributed to Alma, the first, and five to Ella, the fifth.

CAIRO (AP) — President Nasser moved today toward closer integration of Syria into his United Arab Republic under a new central cabinet.

The cabinet was formed Tuesday night of men who have been Nasser's key assistants since his rise to power in Egypt and of some leaders in Syria before the two countries merged last February. It contained 14 Egyptians and seven Syrians.

The sweeping reorganization eliminated dual ministries for the two provinces.

LONDON (AP) — A 16-year-old boy who has done nothing but watch television for nearly eight months has been "reduced to the state of a zombie," his father says.

Television has given the boy a sickness requiring medical treatment, the father told a juvenile court Tuesday.

The father brought the boy to court as being beyond control. He said the boy had refused medical treatment.

His son left school in February.

pha Fire Company No. 1 will sponsor a pre-Thanksgiving party for the public on Friday, November 21, 8 p.m., in the engine house, and plans for the affair were furthered at the monthly meeting of the Auxiliary on Monday evening. Turkey will be offered as prizes for the party. Refreshments will be available and the committee includes Mrs. Bern Flickinger, Mrs. Kathryn Hahn and Mrs. Ruth Sneeringer.

The session on Monday opened with the group singing of "America" and the Lord's Prayer in unison. Mrs. Ottilie Weaver, president, who presided, heard reports from Mrs. Kathryn Hahn, secretary, and Mrs. Dorothy Burgoon, treasurer. One new member was welcomed into the unit, Mrs. Jane Hornberger. The following were appointed to serve as a nominating committee and present a slate of officers for election at the next meeting: Mrs. Beverly Kebil, Mrs. Helen Oaster, Mrs. Betty Kauffman and Mrs. Alice Hartsock. The guess package, contributed by Mrs. Weaver, was won by Mrs. Clara Kebil. During the social hour, refreshments were served by Mrs. Betty Kauffman, Mrs. Carmen Slick, Mrs. Doris King and Mrs. Ruth Fuhrman.

The Auxiliary will meet again on Monday, November 3, 8 p.m., at the engine house, when the hostesses will be Mrs. Evelyn Basehoar, Mrs. Viola Badders, Mrs. Virginia Boyd and Mrs. Mildred Wherley.

SPAHN TRUSTS DEL CRANDALL TO MAKE CALLS

By JOE MOOSHIL

Associated Press Sports Writer

MILWAUKEE (AP) — When 37-year-old Warren Spahn goes against the Yankees in the sixth game of the World Series today you can be certain of one thing:

He won't shake off his catcher. Del Crandall, a big, 28-year-old blond who spent two years watching ball games from the bullpen, will be in his accustomed place behind the plate calling the pitches.

"And," said Spahn, "he won't get any arguments from me. He calls the game 100 per cent. He knows more about me as a pitcher than I do."

Not Shaking Him Off

"I haven't questioned Del's judgment in years. He watches the hitters more closely than I do. He can see their every move, whether they are moving up, inching back and all that sort of thing. Many times it will determine how we pitch to them."

Spahn, who already has licked the Yanks twice, admitted that sometimes it looks as though he's shaking Crandall off, but that it's really to throw the hitters off.

Crandall credits Spahn with a fat chunk of his success.

Batting .294

"Remember," said Del, "when I came up in 1949, I did very little catching. The club had Walker Cooper then and I spent most of my time watching the games."

"But Spahn kept asking for me every time he pitched. I don't pitch. You can imagine what that did for my confidence."

Crandall did a hitch in the service, then came back to the Braves. "And there was Spahn waiting for me," he said. "He still liked to pitch to me and pretty soon I was the regular catcher."

At the moment, Crandall is fourth best hitter on both teams who have played in all five games with a .294 mark.

Store here totaled \$40. The funds are being used toward a furnace and enlargement of the Methodist Church.

Mr. and Mrs. Mark Saum returned home on Monday after spending the weekend with Mrs. Saum's nephew and niece, Mr. and Mrs. Joe Bowman, Chambersburg R. D.

CONSERVATION OF SOIL VITAL TO MEET NEEDS

This is Natural Resources Week in Pennsylvania. From October 5 to 11 Pennsylvania's farm and non-farm families are being encouraged to become better acquainted with their resources.

"It's important that we know more about our renewable natural resources — particularly the soil," Ivan McKeever, state conservationist of the U. S. Soil Conservation Service, said. "The soil provides the food we eat, the clothes we wear and most of the shelter that makes our homes. Our future depends on how we conserve and manage the soil."

"It is, therefore, appropriate that Pennsylvanians know more about conservation. It is my hope that this year's Natural Resources Week will help stimulate even greater interest in conserving soil and water, woodland and wildlife resources."

Floods Damaging

Conservation of Pennsylvania's natural resources is a big job according to McKeever. He said, "We have more than 28 million acres of land located in 67 counties. In most of these counties soil erosion is serious. In many areas water is a problem."

"Floods is many of our small streams cause heavy damages regularly in many sections of the state. Then there are other times when there is not enough moisture for good crop production. And thousands of acres should be planted to trees and shrubs."

Working on the conservation of the state's soil, water, woodlands and wildlife are 50 soil conservation districts encompassing 83 per cent of the commonwealth's agricultural land.

More than 25,000 farmers are cooperating with these districts in carrying out their conservation program. The Soil Conservation Service, Agricultural Extension Service, Agricultural Stabilization and Conservation Service, the Pennsylvania Game and Fish Commissions, Department of Highways, vocational agriculture and many other agencies and groups aid in the work.

Making Progress

Pennsylvania has an intensive and comprehensive program of conservation. Soil erosion is being halted by strip cropping on more than 750,000 acres of land. There are 11,000 farm ponds ranging in size from one-half acre to ten acres.

Valuable cropland is being protected from erosion by thousands of miles of diversion terraces. Millions of young trees and shrubs are being planted on the steep, erosion prone hillsides and on non-tillable acres. Fishing and hunting habitats are being improved.

CLINIC CITED FOR CONTEMPT

PITTSBURGH (AP) — The federal government Tuesday petitioned U.S. District Court to hold the Hoxsey Cancer Clinic at Portage, Pa., in criminal contempt of court for allegedly violating a consent decree to keep out of interstate commerce.

Thomas J. Shannon, an assistant U.S. attorney, said in his petition that operators of the clinic had signed the consent decree Oct. 2, 1957.

Shannon said the clinic has given material to out of state patients. The fact that these patients allegedly have carried the material home constitutes a violation of the consent decree, Shannon claimed.

Shannon also said the clinic was advertising its treatment in the "Globe Gazette," a publication which he said is mailed across state lines. He said it is published by former State Sen. John J. Haskus, one of the clinic's directors.

WARNS QUEMOY LULL NO SIGN REDS ARE WEAK

TOKYO (AP) — Red China's Foreign Minister Chen Yi said Tuesday the United States will have totally miscalculated the Communist cease-fire if it interprets suspension of the Quemoy bombardment as a sign of weakness.

Radio Peiping announced Chen spoke at a reception given by East German Ambassador Paul Wandel honoring the ninth anniversary of the founding of Communist East Germany.

Premier Chou En-lai attended. Chen said the United States should not "misinterpret this (suspension of bombardment) as meeting its demand for a cease-fire. He said the Chinese people are determined to liberate Formosa, the Pescadores, Quemoy,

and Matsu.

"Stop interfering"

"No foreign interference will be tolerated at all," he said.

"There is only one way out for the United States, that is to stop interfering in China's internal affairs and withdraw all its armed forces from Taiwan (Formosa) and the Taiwan Strait."

Red China announced Monday a conditional seven-day cease-fire in Formosa Strait provided the United States quit conveying Nationalist supply ships to Quemoy. The United States welcomed the cease-fire but so far has continued the escorts.

"Any trick that the United States attempts to play absolutely will not work, it will only keep the United States always on the defensive," Chen declared.

Plan Makeshift Classes For 14 Closed Schools

By THE ASSOCIATED PRESS

Plans are being made to provide educational facilities for some of the 17,000 youngsters idled by school closings in Arkansas and Virginia and the dynamiting of the high school at Clinton, Tenn.

Fourteen schools are shut down in the three states. In several sections, legal sparring continued between state and federal authorities while statements on the integration crisis came from Washington and Florida.

Supreme Court Justice Felix Frankfurter asked Monday for a constructive use of time in school integration in general but said that lawlessness if not checked is the forerunner of anarchy. He issued an opinion concurring with the court's unanimous decision in the Little Rock case last week.

Plan Private Operation
In Little Rock, Gov. Orval E.

Faubus expressed belief that private all-white schools would be in operation by mid-October. He made the statement a few hours after an appellate court in St. Louis extended until Oct. 15 a ban on operation of the four high schools as private, segregated institutions.

Dr. T. J. Raney, president of the Little Rock Private School Corp., said his group planned to begin operating as soon as possible in private buildings with private donations without waiting for the Oct. 15 federal court decision.

At Clinton, state and federal authorities continued searching for clues to the identity of the dynamiters while 850 high school pupils, including 11 Negroes, prepared to shift classes to an elementary school at Oak Ridge six miles from Clinton.

Principal W. D. Human said as

he outlined plans to send the youngsters to Oak Ridge by bus, probably starting Thursday. The Atomic Energy Commission authorized use of the vacant school at Oak Ridge because some children of AEC employees attended Clinton.

Clinton High was integrated by federal court order two years ago. Several incidents occurred the first year but the situation quieted down later.

In Virginia, Duncan C. Gibb, chairman of a citizens' committee which formed an educational foundation in Warren County, said juniors and seniors of the closed high school at Front Royal would start emergency classes Wednesday. Eight other schools in Charlottesville and Norfolk remained closed.

Federal Judge Albert V. Bryan refused to dismiss a suit seeking admission of 14 Negroes to two white high and three elementary schools in Alexandria, Va. He set Oct. 30 as the date for arguments in the case.

OHIO SOLON PASSES AWAY

COSHOCTON, Ohio (AP) — U.S. Rep. J. Harry McGregor, 62, Ohio Republican, died Tuesday at his home here.

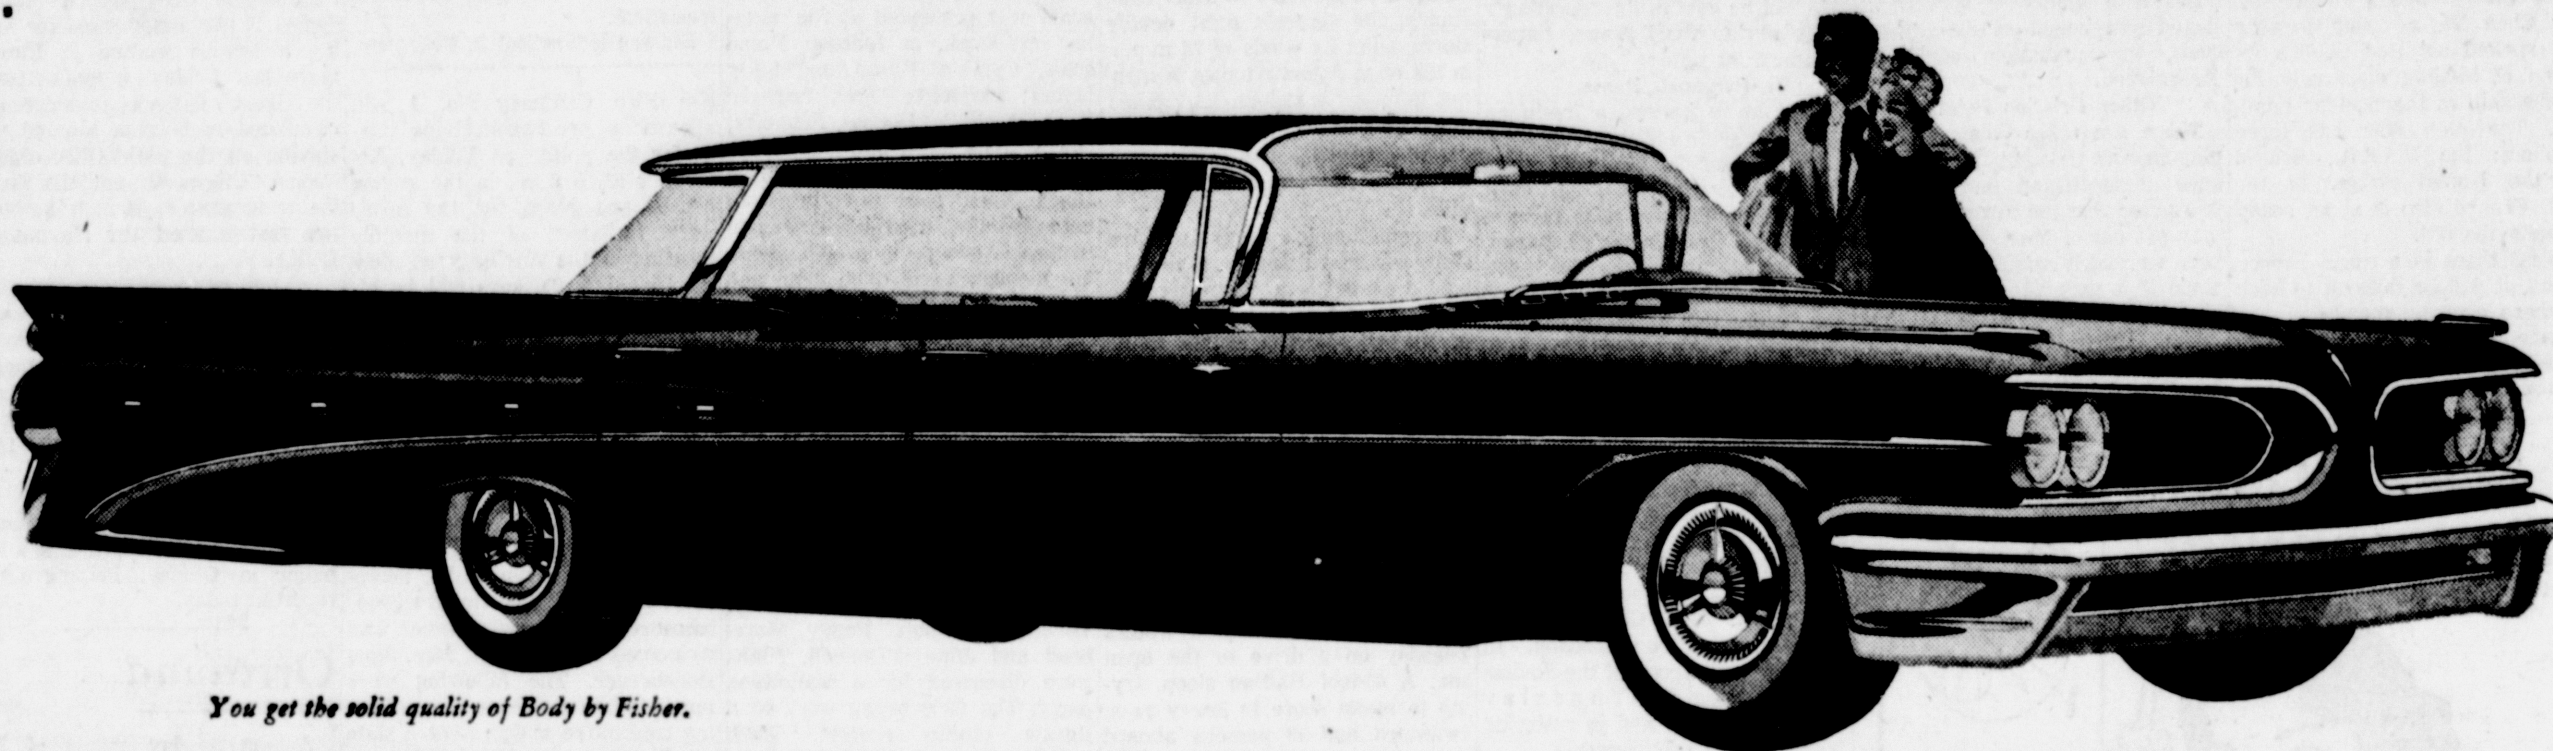

His body was found by his administrative assistant, Robert W. Bruning, when the latter reported for work this morning at the McGregor residence.

Dr. Floyd W. Craig of Coshocton, who was called in, said death apparently was due to a heart attack. He said McGregor had been dead about six hours.

McGregor entered Congress in 1940. He was picked at a special election to fill the vacancy caused by the death of William A. Ashbrook. He had served continuously since and was a candidate for re-election at the Nov. 4 election.

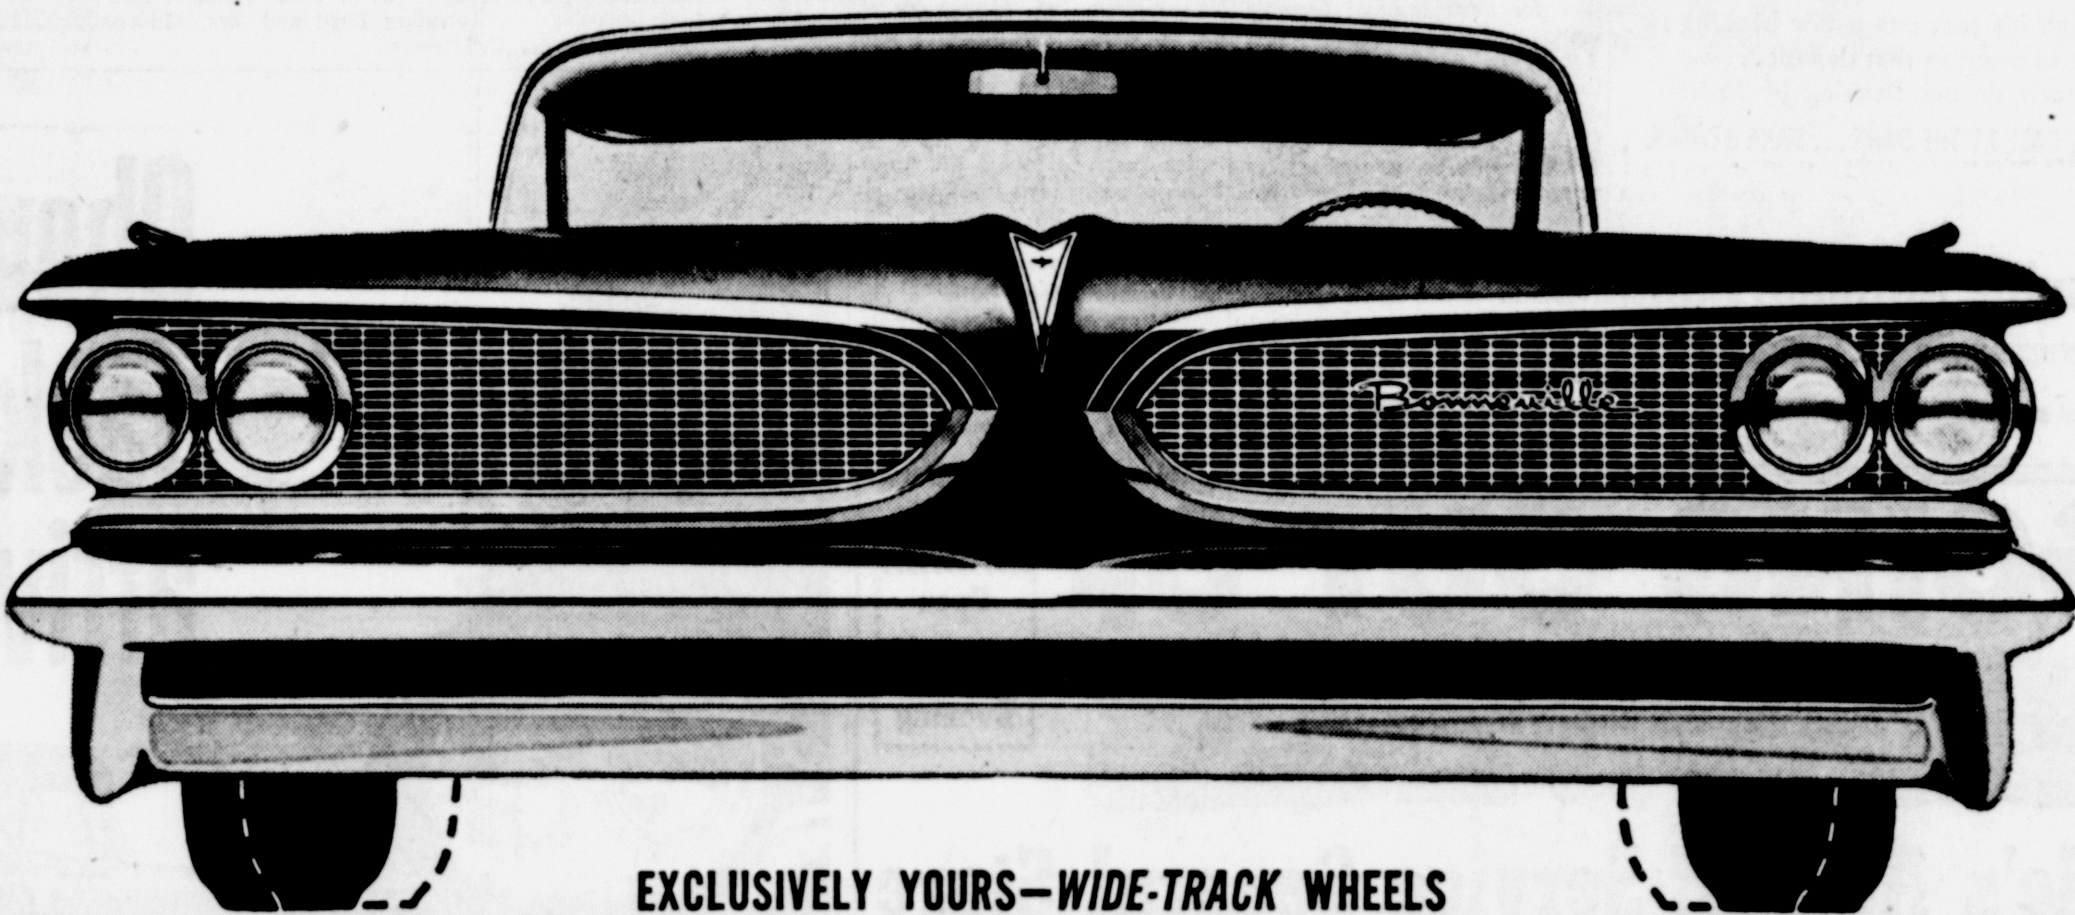

Mrs. McGregor died a year ago Christmas. Three adult children survive.

If you want the accent on economy, choose Pontiac's revolutionary new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines" . . . and it uses regular gas!

Seats Wider than a Sofa

Plus plenty of leg and head room. Pontiac's living-room comfort lets you change position naturally . . . choose the way you like to sit—not the way you have to! Pontiac seats offer still other new comfort advantages over the average sofa. They're wider, have higher backs and slant downward at the rear to give maximum support for safer, more comfortable driving.

Air-Cooled True-Contour Brakes

High efficiency cooling flanges in the air stream dissipate heat far faster . . . 39% bigger drums absorb quick-stop heat . . . 25% thicker lining lasts far longer . . . 10% greater lining contact plus true-contour fit of lining and drum mean precision action, less pedal effort. The industry's largest front cylinders give better front and rear brake balance for smoother high speed stops.

ADOPT GRADING SYSTEM FOR UPPER ADAMS

A uniform system of grading has been instituted in schools in the Upper Adams Joint School System this term. In the system, letter grades have been assigned thus: A—95 to 100, B—85 to 94, C—75 to 84, D—70 to 74, and F—failure.

The marking schedule will be followed for all subjects except music, art and physical education in which the pupils' work will be graded as either satisfactory or unsatisfactory.

The new system, the work of a group of volunteers from the faculty, was decided upon after a study of report cards and marking methods used in schools in communities, both large and small, throughout the state. Donald B. Hudson, supervising principal, said as he reported on the grading system to the joint board which met in the Biglerville Elementary School cafeteria Monday night.

Except for the first grade, pupils will receive report cards each six weeks, Hudson said. Although there are some advocates of a nine-week marking period, the principal said that he was guided by parental preference for more frequent progress reports in deciding that the six-week period be established.

The exception was made in the case of the first grade, he said, because teachers do not have sufficient opportunity to appraise the work of beginners in six weeks. Instead of a report card for the first nine-week period, parents of beginning pupils will receive a letter from the teacher giving a review of their child's progress.

Report cards will follow at nine-week intervals thereafter through the first grade.

Marks for deportment will be given in grades two through six, Hudson said.

In the marking system plus and minus signs will no longer be used with the letters, but provision is made for teachers' comments on the quality of work being done by the pupil in each subject. These comments are to be listed by numbers on the report cards. There are 10 standard comments on the favorable side and 11 on the unfavorable.

The comments are:

Favorable — 1. Makes voluntary worthwhile extra contributions. 2. Accepts responsibilities. 3. Cooperates well. 4. Good leadership qualities. 5. Displays initiative. 6. Works up to capacity. 7. Good attitude toward school. 8. Considerate of others. 9. Making good adjustments. 10. Commended for diligence rather than achievement.

Unfavorable — 11. Unbecoming conduct. 12. Careless appearance. 13. Unwilling to cooperate. 14. Failure to hand in required work. 15. Not dependable. 16. Too many activities. 17. Inattentive. 18. Misses work due to absence from school. 19. Poor test rating. 20. Does not apply himself. 21. Teacher desires conference with parent.

The five faculty members who made the report card system study are Mrs. Margaret Lady, Mrs. Mildred Hildebrand, Mrs. Grace Garretson, Herbert Lady and John White.

The faculty group, Hudson told the board, merited commendation for the work, particularly since it had been accomplished on normally free time.

CASEY STENGEL HOPES FOR FOUR DAYS OF RAIN

By JERRY LISKA
MILWAUKEE (AP) — It sounded a little like the crumbling of a dynasty — Emperor Casey Stengel of the New York Yankees pleading for rain to delay the World Series.

But there was the cagey old phrase-twister saying: "I hope it rains — I hope it rains for four days."

Stengel was holding court in New York's dressing room before his Yankees worked out Tuesday under murky, weeping skies.

Spahn On The Brain
He was playing cat-and-mouse with reporters over his probable starting pitcher against the Milwaukee Braves' slick Warren Spahn in today's sixth series game.

"You fellows should know I'm trying out Spahn in this workout," said Stengel. "Want to see if he can go tomorrow?"

Spahn? Reporters scratched their heads and looked at each other.

"Spahn, did I say Spahn?" Stengel recoiled. "I mean Shantz. Hell, I guess I really got that Spahn on my brain."

"Gotta Guess Right"
"Now you take that Spahn. I'm not surprised they're going with him. He's their best pitcher and Haney's got two games to gamble with. Me, I got one, and I gotta guess right."

"Spahn beats us two games and the longer each game goes, the better he gets. He starts out with a nice small white ball and pretty soon, along about the seventh, eighth and ninth innings, it begins to look like a pill which gets smaller and smaller to our fellows."

Everybody Eager
"So we're one run down to them (20-19), but we're stinking in every department but pitching. Look it up. We strike out more of them (41-31), but we look awful running the bases and fielding."

"Ford thinks he can beat them. Every one of those guys of mine want to pitch this one. Ford thinks he is the pitcher for this sixth one and Turley pitches the seventh."

"Turley might be a better pitcher."

Garden State Park Opens Fall Season

CAMDEN, N. J. (AP) — Garden State Park opens its 25-day fall meeting today with the 16th running of the \$20,000 added Princeton Handicap.

Calumet Farm's Bardstown, with Ismael Valenzuela up, heads a fast field of seven entries with top weight of 122 pounds for the inaugural six-furlong stake.

Chief opposition for the 6-year-old Alibhai-Twilight Tear gelding would appear to be Fred W. Hooper's 3-year-old Alhambra, who carries second highest weight at 120.

PILOT OFF IN HUGE BALLOON

ALAMOGORDO, N.M. (AP) — A huge helium-filled plastic balloon rose majestically from the New Mexico desert at 6:50 a.m. today carrying a young military scientist on a flight aimed at the stratosphere.

Lt. Clifton McClure, 25-year-old jet pilot, was sealed into the gondola of the balloon again Tuesday night.

A launching attempt failed Tuesday morning when a ground wind whipped the big three-million-cubic-foot Project Man High balloon as it was being filled with gas. It finally was destroyed. A substitute balloon was used today. Officials estimated it would take two to three hours for him to reach the altitude goal of 100,000 feet where he hopes to remain for 24 hours.

Yes, Hands Of Panel
He will serve as the eyes and hands of a panel of scientists on the ground who will question him about his observations during the long flight.

Weather conditions were such that officials figured he would drift eastward from Alamogordo and then back over the missile range about sunset.

Ray Meets Cotton In Ring Tonight

LOUISVILLE, Ky. (AP) — Sonny Ray of Chicago offers Eddie Cotton of Seattle his first test of the year tonight in a scheduled 10-round light-heavyweight fight at Fairgrounds Coliseum.

Both were expected to weigh about 171 pounds for the nationally televised (ABC, 9 p.m. EST) bout. Scoring will be on the 5-point system.

Ray, now 23, has an 18-5-5 record, including three victories — two by knockouts — in four matches with light — heavyweight contender Jess Bodry.

Cotton has a 35-7-1 record in a career spanning almost 11 years. He quit the ring in 1956 because of a career spanning almost 11 years. He quit the ring in 1956 because of a career spanning almost 11 years. He quit the ring in 1956 because of a career spanning almost 11 years.

er after two days rest, but I don't know how he could be better than Monday. He's a Spahn-type pitcher, never a sore arm. He's got an arm like a rubber hose."

INTERCEPTION BY MSU JUNIOR WINSTON FAVOR

By TED MEIER
Associated Press Sports Writer
A vital pass interception that saved Michigan State from a surprise defeat at the hands of Michigan brought Lineman of the Week honors today to Jim Chastain.

This is how the MSU junior center from Waynesburg, Pa. saved the day for the Spartans in the game last Saturday. At the time, early in the last period, Michigan led 12-6 and was threatening again. The Wolverines had the ball on the MSU 77 yard line and goal to go.

Michigan quarterback Bob Ptacek faded back and threw a forward pass. Chastain intercepted the pass on the goal line. He was downed on the three and from there Michigan State started a 97-yard drive for a touchdown and a 12-12 tie, the final score.

Others Are Praised
Two other centers, Bob Harrison of Oklahoma and E. J. Holub of Texas Tech, also received high praise in the weekly Associated Press poll of sportswriters and broadcasters.

Harrison intercepted an Oregon pass and ran 24 yards to the Oregon 20. The play led to the only touchdown of the game as the Sooners nipped Oregon 6-0. In addition, Harrison made eight tackles and shared in seven others.

Holub's great defensive work against Texas held the Longhorns to a 12-7 victory. He made six unassisted tackles and was credited with nine assists. In addition he broke up one pass and recovered a fumble.

Others Nominated
Pete Wasilewski, George Washington tackle, and Murray Armstrong, Tennessee end, were prominent, too. Wasilewski kicked a 23-yard field goal with less than two minutes to play and brought

of his slow progress and, last year, one of his few fights was a losing decision to Archie Moore.

Marlboro Meet Opens On Monday

UPPER MARLBORO, Md. — Officials for Marlboro's annual 12-day race meeting which gets under way next Monday, October 13, and continues through Saturday, October 25, will be essentially the same veteran staff that has worked many previous sessions for track president Edward F. Farrell Jr. and his associates.

Appointed to represent the association in the stewards stand is the experienced racing official and southern Maryland horseman, William L. Harron. Once more the important position of racing secretary is to be filled by the capable J. Fred Colwill, who handles this task at most all of the Free State minor tracks and serves as a steward at the major ovals — Bowie, Laurel and Pimlico.

Sending the limit fields of eight under way each afternoon, from the 1:30 p.m. post time on, will be the popular Lutherville, Md., starter, Eddie Blind. The 51-year-old horseman, who first began handling horses at the starting gate in 1927, serves in this capacity at all of the Maryland tracks as well as Monmouth Park, and is generally recognized as one of the master craftsmen in his profession.

Howard Lindsay (author of many Broadway hits with Russel Crouse in the modern idiom) was educated at Boston Latin School.

GW an 11-8 victory over Furman. Armstrong figured in Tennessee's surprise victory over Miss State with a 55-yard pass interception.

Other linemen nominated: Tackles — Wayne Harris, Arkansas. Opie Bandy, Tulsa, Hogan Wharton, Houston.

Guards — John Bodkin, South Carolina. Al Ecuero, Notre Dame. Tom Koenig, Southern Methodist. John Wooten, Colorado. Ends — Buddy Dial, Rice. Wahoo McDaniel, Oklahoma.

LAYNE SEEKS WINNING ZIP

PITTSBURGH (AP) — Take it from Bobby Layne, the newly acquired quarterback of the Pittsburgh Steelers: "A winning complex is necessary in making a championship team."

The 31-year-old veteran who is starting his 11th pro campaign says he's happy to be with the Steelers, adding:

"I hope I can give the Steelers a winning complex by being a team leader and giving the fellows confidence by playing good and alert football."

Layne can speak with authority. The former Texas University star played a key role in bringing the Detroit Lions championship football team.

Traded On Monday
Layne was traded Monday by Detroit to the Steelers for quarterback Earl Morrall and two future draft choices aimed reports he had lost his old time.

"I don't feel like that," Layne said when told about the reports. "If I did, I'd go back home. I feel real good."

Coach uddy Parker of the Steelers said he'll start Layne Sunday against the Philadelphia

Lower Trend In Today's Market

NEW YORK (AP) — A generally lower trend prevailed in a mixed stock market early this afternoon. Trading was active.

Gains and losses of pivotal issues went from fractions to about a point.

Studebaker-Packard rose fractionally in continued response to heavy advance orders for a new small car. A few other special stocks did well.

The market was at the crest of a consistent rise to record peaks. Business news contained encouraging items, among them a rise in paperboard demand to the greatest level in a year. This is a sensitive barometer of industries that package their goods.

SAN ANTONIO, Tex. (AP) — Yama Bahama, bleeding from a cut over his right eye from the fourth round on, still piled up an impressive lead and knocked out Jesse Bogart in the final round of a 10-round bout Tuesday night. Bahama, from Bimini in the Bahamas Islands, weighed 153 and Bogart, of Monterrey, Mexico, 156. The 10th ranked middleweight, Bahama bled profusely and needed four stitches to close the cut.

SOUTH INDIA CHURCH GETS RECOGNITION

By GEORGE W. CORNELL
AP Religion Writer
MIAMI BEACH, Fla. (AP) — Despite scattered misgivings, the Protestant Episcopal Church moved today toward a plan for sharing the Lord's table with the Merged Church of South India.

The move, born of some unusual interdenominational circumstances, involves recognizing as valid the Indian church's ordination of clergymen. This is traditionally a touchy point for Episcopalians.

Their House of Bishops, the church's top ecclesiastical authority, approved the plan Monday, and sent it on to the House of Deputies, second branch of the church's law-making congress.

Unity Forward
"It's a step forward and will further the cause of Christian unity," said the Rt. Rev. Henry Knox Sherrill, presiding bishop of the three-million member church.

Five other Anglican communions, including the Church of England, already have taken similar steps regarding the Indian church, made up of former Anglicans, Methodists, Presbyterians and Congregationalists.

Nine candidates were entered into the race for a successor to Bishop Sherrill, who is retiring after holding the church's powerful post for 11 years.

Prayer For Pope
The 650-member House of Deputies paused during their business session to pray for the recovery of the stricken Pope Pius XII, head of the Roman Catholic Church.

The precedent-setting merger forming the Church of South India came in 1947.

Under the plan, the Episcopal Church grants limited intercommunion with the Indian church — that is, ministers ordained in it are considered qualified to celebrate the Lord's Supper.

TO BUILD A-BOMBS

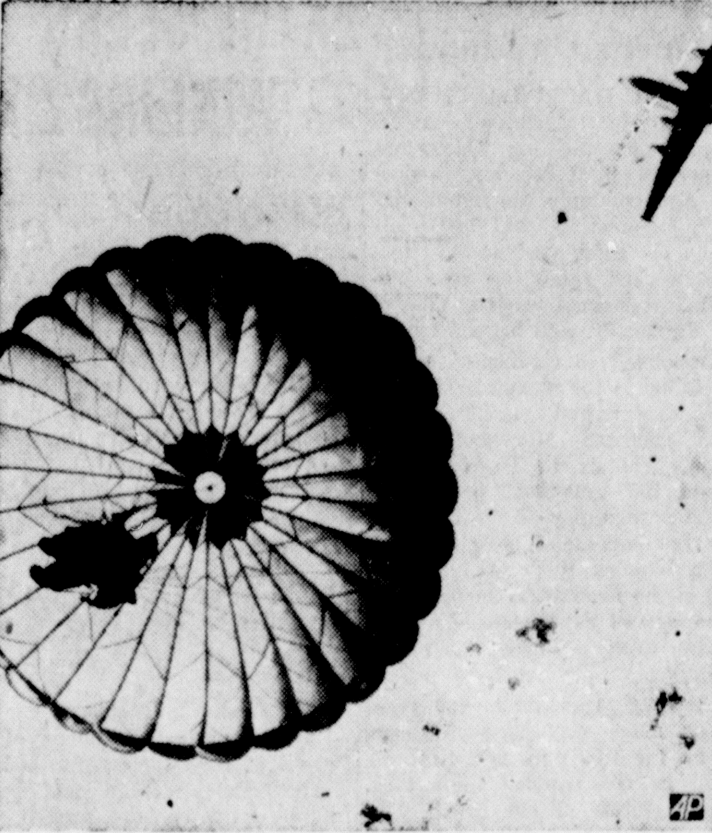

BONN, Germany (AP) — Francois Seydoux, French ambassador, said Tuesday his government has made a firm decision to build an atomic bomb and that it has not asked outside help.

The statement France had asked for no help was an apparent reference to stories in the West German press that the Bonn government might work jointly with France to develop an atomic bomb.

"PROVOCATIVE ACT"

WASHINGTON (AP) — A State Department spokesman asserted Tuesday that Communist plane flights over Quemoy constituted a "provocative act" out of line with the Red ceasefire.

Press officer Lincoln White said that therefore the anti-aircraft fire by Chinese Nationalist batteries against the Communist aircraft this afternoon was not in the slightest a break in the ceasefire by the Nationalists.

BENSONPLEADS FOR BELIEVERS IN FREE SYSTEM

WASHINGTON (AP) — Secretary of Agriculture Benson called Tuesday for believers in the free enterprise system to battle to preserve it.

He said that the three pillars of the nation's economic system — which he named as the right to venture, the right to own, and the right to exchange — are under attack by critics of the system, self-seekers and those dedicated to its overthrow.

"This is not only the farmers' battle to be free," he said in a speech prepared for a national affairs forum conducted by the Pittsburgh Chamber of Commerce.

"This is your battle — the battle of everyone who believes in individual enterprise rather than bureaucrats. I am convinced that businessmen and their organizations should be as fully active politically as any other group."

Benson made a similar appeal in a speech before the Rotary Club at Seattle last week. The "provocative act" out of line with the Red ceasefire.

Press officer Lincoln White said that therefore the anti-aircraft fire by Chinese Nationalist batteries against the Communist aircraft this afternoon was not in the slightest a break in the ceasefire by the Nationalists.

Seeks To Curb Powers Of Guard

PANAMA (AP) — President Ernesto de la Guardia Monday night sent the National Assembly a bill to curb some of the powers of the National Guard. His aim is to end student strikes and riots which have plagued Panama for five months.

Students have been feuding with the guard since repression of riots last May. One student died of injuries and eight persons were killed in resulting violence. A guardsman was wounded in a renewal of violence Sunday.

Eighty students still occupy the city's principal high school. They took possession of the building Sunday after President de la Guardia decreed closing of Panama's secondary schools after a new strike which began Sept. 26.

Agriculture Department in Washington, which issued texts of the statement, described them as "nonpolitical."

The secretary urged business and labor to go slow in seeking higher wages and prices.

"One of the complaints I hear most frequently from farmers," Benson said, "is that brices of the goods and services that farmers must buy are out of line with prices of the products that farmers sell."

The secretary said farmers are disturbed by wage increases which "continue the spiral of inflation without an equivalent increase in productivity" and by the charges of "racketeering and hoodlumism" in certain unions so widely publicized in recent months.

BURTON WILL LEAVE COURT NEXT MONDAY

By JOHN H. AVERILL
WASHINGTON (AP) — Justice Harold H. Burton is retiring next Monday after 13 years on the Supreme Court — opening the way for the court's first Eisenhower-appointed majority.

The White House announced the 70-year-old jurist's unexpected request for retirement Monday night a short time after the court opened its regular fall term.

The announcement gave no indication of whom President Eisenhower might name as a successor to Burton or how soon he might act.

On Medical Advice

Burton, a Republican, wrote Eisenhower he was retiring "with regret but in accordance with competent medical advice and with a desire to serve the best interests of all concerned." Burton's two-paragraph letter didn't elaborate.

Approving the request, Eisenhower praised Burton for "devoted and dedicated public service."

Eisenhower's appointment of a successor will be his fifth to the nine-man court.

Except for his selection of Chief Justice Warren — a former California governor and twice an aspirant for the Republican presidential nomination — Eisenhower has picked Supreme Court judges from other judicial posts.

Only 3 Democrats

Of the three other Eisenhower appointees, Justices John M. Harlan and Charles Evans Whitaker were federal appeals court judges and Justice William J. Brennan

With Burton leaving, the court has five Democratic and three Republican members, the latter being Warren, Harlan and Whitaker.

Burton's retirement leaves the court with only one justice, Tom C. Clark, who was appointed by former President Truman. The other three were named by Franklin D. Roosevelt. They are Justices Hugo L. Black, Felix Frankfurter and William O. Douglas.

WEALTHY PAIR IN N. Y. RACE FLAIL AWAY AT EACH OTHER

By JAMES DEVLIN

NEW YORK (AP) — New York's fabulously wealthy rivals for governor must have learned somewhere in their Social Register backgrounds the knack of fighting.

The issues are a bit murky at times, but Democratic Gov. Averell Harriman and his Republican challenger, Nelson A. Rockefeller, are flailing away with gusto.

The two millionaire Ivy Leaguers (Harriman, Yale; Rockefeller, Dartmouth) are firing charges over such matters as bossism, crime and unemployment without letting their personal friendship stand in their way.

Stakes Are High

The stakes are high, for the New York governorship often has led to a try for the presidency. Harriman twice has sought the Democratic presidential nomination and reputedly still has his eye on it in 1960.

A triumph for Rockefeller would cast him into the 1960 GOP presidential picture, now dominated by Vice President Nixon.

Harriman, 66, seeking re-election Nov. 4, is a liberal of the New Deal-Fair Deal tradition. Rockefeller, 50, is regarded as a liberal to moderate of the Eisenhower wing of the Republicans.

Views Not Too Different

To the average voter, their views do not seem far apart. For instance, union-opposed right-to-work laws, a hot issue in the Cali-

fornia campaign, scarcely have been mentioned here. Both candidates are against such legislation.

Also, both are strong civil rights advocates.

The preliminary sparring over the New York campaign is picking up steam.

Rockefeller charged the Democrats with bossism and hidden government. He accused Harriman of being a puppet of Carmine G. DeSapio, chief of Tammany Hall, the Manhattan Democratic organization.

"Nominated By Wall Street"

Rockefeller is just "flapping his wings" in an effort to "cover up" for the Eisenhower administration and the Eisenhower recession," Harriman retorted.

DeSapio said he had reliable information that Rockefeller was nominated by Wall Street bankers.

"The decision as to who should run for governor was not made at the Republican convention but in the board of directors room of the Chase National Bank," DeSapio said.

Apalachin issue

"Bunk," retorted Rockefeller. "Just straight bunk."

The fantastic underworld convention of more than 60 mobsters in the upstate village of Apalachin last November is a favorite Republican campaign issue.

Nobody charges that the Democrats had any connection whatever with the convention, but the fact the hoodlums were bold enough to meet in a Democratic-administered state was all the GOP needed to talk it up.

"In Bad Hands"

"As governor, I would not allow gangsters to look upon our state as an ideal place in which to meet and lay their plans," Rockefeller said.

Rockefeller said industry was moving from New York to other states because of "complacency and drift" by the Harriman ad-

State Rules Change On Blood Testing

HARRISBURG (AP) — Rules requiring a state or federal veterinarian to participate in brucellosis testing have been changed by the State Agriculture Department.

Previous policy of the State Bureau of Animal Industry required the presence of the state or federal experts when blood was drawn from an animal under test.

Dr. H. A. Milo, bureau director, said Tuesday herds now may be tested by the owner's veterinarian.

Father Of Seven Is Buried Alive

MORGANTOWN, Pa. (AP) — A father of seven children was buried Monday when a dirt wall collapsed while he was digging a septic tank.

An hour later a rescue party unearthed the body of Charles L. Thomas, 44, of Reading R. D. 4.

Another worker, Harold A. Kine, 44, of Reading, was working with Thomas digging the tank at Twin Valley Joint High School. He moved out of the way of the falling dirt but was buried to his waist.

STORE CLOSE MONDAY

HARRISBURG (AP) — All Pennsylvania state liquor stores will be closed Monday, Oct. 13, because of Columbus Day. Patrick E. Kerwin, chairman of the Liquor Control Board, said today.

Although Columbus Day actually falls on Sunday, Oct. 12, Kerwin pointed out that the day will be celebrated on Monday.

ministration.

Said Harriman: "My opponent is a well-meaning fellow, but he's in bad hands. He's in the hands of Madison Avenue pitchmen, tricky statisticians and reactionary politicians."

HORNBERGER GETS BIRDIE

SOUTH BRISTOL, Maine (AP)—Wawenock Country Club members are talking today about the golfing adventures of Dr. Richard Hornberger and the sea gull.

Hornberger was playing the 405-yard second hole in a foursome recently when he lunked his second shot close enough to the pin to assure the worst duffer of a birdie.

As he approached the green a sea gull swooped down, scooped up his ball, and dropped it a full pitch shot from the green. Hornberger felt like swapping his golf clubs for a shotgun when his companions made him play the ball where it fell.

But the story doesn't end there. Hornberger's tee shot on the 240-yard third hole hooked into the rough. Sure enough, the sea gull again closed in on the ball. The gull swooped up over the green before realizing it had made the same mistake twice, then dropped the ball about 10 feet from the pin.

Hornberger got his birdie.

Today's Pattern
